The penny, which seems to have little value today, buys lots of service when thrifty Mrs. Kenneth Klumpp, Limerick, drops it into a parking meter on High street.

Parked conveniently close to the stores, Mrs. Klumpp is a busy shopper. Here she pays Heien Bastian, 350 High street, for her purchases. Half, or six minutes, of her parking time is consumed.

She then steps into a drugstore for a cooling drink at the soda fountain. She slips without hurry and leaves with two minutes of parking time left, walking leisurely back to her car.

Happy that a penny allows her to park in the shopping center, she puts her packages in her car, and smiles at Patrolman Michael Shanta as he notes one minute of parking time left.

She backs out into traffic just as the hand on the parking meter reaches the bottom of the scale and the red "violation" signal jumps into place.

Inter-American Pact Hailed by Marshall; Points to Peace Aims

WASHINGTON, Sept. 4 (AP)—Secretary of State Marshall told the nation tonight that the new Inter-American security pact is proof that "where nations are sincerely desirous of promoting the peace and well being of the world it can be done."

Marshall, with evident reference to long and difficult negotiations with Russia over European peace-making, declared that the task also can be accomplished "without frustrating delays and without much of the confusing and disturbing propaganda that has attended our efforts of the past two years."

The secretary spoke jointly with Chairman Vandenberg (R-Mich.) of the Senate foreign relations committee over national radio networks in a half-hour broadcast. Both men returned yesterday from the conference at Petropolis, Brazil, where the new Inter-American pact was drafted and signed.

Both men hailed the accomplishment as an example for the United Nations in the development of world peace and Vandenberg called it "sunlight in a dark world."

Vandenberg said he would present the treaty to the Senate for ratification "with every confidence that it will deserve prompt and enthusiastic approval of its traditionally American ideals."

The senator said the pact "throws maximum protection" around the Americas if their peace is menaced by armed attack "from any source whatever" either inside or outside the Inter-American region, which includes both Canada and Greenland.

Marshall said of the treaty: "I do not think it is an overstatement to say that this demonstration of trust and co-operation, this evidence of a willingness to adjust the many varied national points of view in order to make possible a unanimous agreement for the good of all, is the most encouraging, the most stimulating international action in our history."

Drunken Driving Charged to Man

A Boyertown resident was placed in Pottstown jail this morning on charges of drunken driving. He was held in \$500 bail for a hearing tonight before Justice of the Peace Raymond C. Kelley, Second ward.

David W. Mercer, 39, of 257 North Franklin street, was apprehended on Farmington avenue at 12:10 o'clock this morning after Pottstown police received a call from a Douglassville resident that a man was driving a car in the area in a drunken manner.

Motor Patrolman T. A. Lawler and Patrolman Robert Schmidt saw a car answering the description, followed it and arrested Mercer.

A local physician pronounced him intoxicated and he was taken to borough hall.

The defendant was not involved in any accident.

KATHLEEN NASH DURANT

U. S. Judge Rules Ex-WAC's Conviction In Theft an Error

CHARLESTON, W. Va., Sept. 4 (AP)—The court-martial conviction of former Wac Capt. Kathleen Nash Durant for complicity in the theft of the Hesse crown jewels was voided today by U. S. District Judge Ben Moore, paving the way for her release from a five-year prison sentence.

In a 20-page opinion, Judge Moore upheld the contention of Mrs. Durant that she was a civilian at the time of her arrest on June 3, 1946, saying: "It is my conclusion that petitioner's terminal leave orders were never effectively revoked, and that by their self-executing provisions she was finally and formally separated from the service on May 30, 1946."

"So I conclude," the opinion added, "that petitioner's actual status while on terminal leave, as distinguished from her technical status, was that of a civilian."

Diplomats Surprised by Bevin's Plea To Share U. S. Gold; Plan Explained

LONDON, Sept. 4 (AP)—Foreign Secretary Ernest Bevin's trade union speech during distribution of U. S. gold was still causing bewilderment and concern in foreign diplomatic quarters tonight, along with speculation as to its possible effect on Anglo-American relations.

Evidence existed that the foreign office itself, which crisply declined any comment, was puzzled by Bevin's key proposals before the British Trade Union congress yesterday—redistribution of the "Fort Knox gold" and a close tightening of economic and defense links within the empire.

The only light on the gold suggestion came from an authoritative American source who said Bevin, in a 70-minute talk today with a delegation of visiting American congressmen who are investigating economic conditions here and in Europe, had explained he viewed redistribution of the U. S. gold stocks as an integral part of the Marshall plan for European revival.

He was said to have made the backing of the British government and that the idea had been previously advanced informally in a conversation with U. S. Ambassador Lewis W. Douglas. Exchanges between the U. S. State department and British foreign office were expected on the proposal.

The American informant said Bevin made these points, which were received "somewhat skeptically" by the U. S. congressmen: "It is unound economics and out of harmony with the principles of international trade espoused by the United States for one country to hold most of the world's monetary gold and not use it."

There would be no lasting European economic settlement if recovery was to depend on never-ending U. S. loans.

Gold could become the basis of world currency systems and every nation should have access to it.

Off-the-record comment in quarters which would be directly affected by both Bevin's proposals centered around four main points: 1. Redistribution of the U. S. gold "does not make sense"—these were the words of one highly placed informant—and the very suggestion is likely to "upset" American officials as Bevin himself acknowledged.

2. Formation of an empire customs union is not likely to be acceptable to the British dominions, (Continued on Page Eighteen)

ITALY APPEALS FOR U. S. AID TO BUY FOOD, FUEL

Immediate Help Needed, Say Italians; May Call Congress Into Session

WASHINGTON, Sept. 4 (AP)—Italy has made an urgent appeal to the United States for swift financial help to buy food and fuel, diplomats said today.

Meantime American officials studied the question of calling Congress to a special session to consider Europe's economic troubles.

This question will have to be decided by President Truman after his return from Brazil. Undersecretary of State Robert A. Lovett said yesterday that the economic situation in Britain, France and other European countries is deteriorating faster than expected.

Diplomatic informants said Italy has informed the United States that she must have swift financial help to buy essential food and fuel during the next four months. These informants said Italian ambassador Alberto Tarchiani made the appeal late the past week when he outlined his country's economic plight to Lovett.

The Italian ambassador is said to have told Lovett his country is so desperately short of funds it may have to cancel all American coal purchases scheduled for October delivery. Italy's imports of U. S. coal have averaged more than 700,000 tons a month.

Tarchiani also reported that poor Italian harvests and other setbacks have caused Italy to spend or earmark every available dollar in the Italian treasury months sooner than anticipated.

Some American officials, while not overlooking the plight of Britain and France, made it plain they regard hard-pressed Italy as the danger spot to watch because the Communist party there can be expected to capitalize on any disruption in the flow of food and coal supplies.

These officials said France and Britain have gold and dollar reserves to fall back on, whereas the Italians have already dipped into their gold reserves.

School opened the past Tuesday with half-day sessions, which will be continued today. Full schedules begin next week.

The great increase was in the first grade, which jumped from 37 pupils last year to 49, and in the twelfth, which has 47 pupils this year as compared to 41 in 1946.

A breakdown of the enrollment distributed the boys and girls as follows: First grade, 49; second, 40; third, 47; fourth, 41; fifth, 47; sixth, 38; seventh, 43; eighth, 37; ninth, 57; tenth, 51; 11th, 37, and 12th, 47.

Registration, the making up of schedules, and the distribution of books kept the pupils busy this week, while Grim and his instructors held a series of meetings to organize the school for the year's work.

Policemen Prove They Can Wield Hammer, Too

Two Pottstown policemen turned carpenters last night.

Getting a call that a rotten board on the Hanover street bridge had come loose, Motor Patrolman Earl Rhoads and Patrolman Joseph Thees armed themselves with hammer and nails, drove down to the scene and went to work.

Their craftsmanship was still holding early this morning.

Thrifty Woman Finds Penny Goes a Long Way

You can buy a lot for a penny, still more for a nickel, and very shortly, the nickel will be worth twice as much.

The coins go into the slot of a parking meter on downtown High street, for instance, and in the latter case, in the two-hour meters on King street which are expected to be installed by the latter part of the month, according to Borough Manager Dow I. Sears.

The penny, however, buys enough parking time for an agile woman to dash into more than one store to do a couple of well-thought-out errands.

Mrs. Kenneth Klumpp, Limerick, demonstrated that yesterday when she parked on the south side of High street between Penn and Charlotte streets, crossed to the north side, entered a self-service store and bought an arm-load of groceries, walked down to a drug store for a "coke", and then walked back and re-crossed the street to her car.

The 12 minutes of parking time on which she had gambled were almost up.

"A man might carelessly drop in a nickel for a whole hour's time when he just wants to pick up some cigars," she said with a contented smile, "but a woman often can get by with spending a penny—if she's not the kind 'who has to pinch all the fruit in the grocery, too.'"

"But why not put in a nickel just to be sure?" she was asked.

Mrs. Klumpp had a ready answer for that question.

"You get waited on faster in stores if you have that look on your face that says, 'I know what I want, and it'll just take a second,'" she explained.

"You don't have to fake that expression when you know there's a policeman watching for the 'violation' flag to pop up in the meter in front of your car."

Apparently her system works, for she was waited on promptly in both the grocery and drug store.

Backing her car out into the street just as the "violation" flag jumped up, she waved to Patrolman Michael Shanta, who was checking the meters, and turned her car toward home.

3308 REGISTER IN SCHOOLS HERE

Attendance Drops Slightly 554 Students Enrolled In North Coventry Classes

Attendance in the Pottstown public schools is slightly less this year than it was last year, attendance figures showed yesterday.

Registrations in the schools this year amounted to 3308 as compared to 3347 at this time last year. This figure is expected to increase, school authorities said, since not all of the students have reported back to their classes yet.

Attendance at local schools yesterday was: Lincoln, 340; Rupert, 305; Jefferson, 368; St. Clair, 193; Washington, 187; Jackson, 35; Junior High, 865; and Senior High, 815.

At least 554 pupils make up the enrollment at North Coventry Consolidated school this year, according to Paul H. Grim, supervising principal, with about a dozen more expected to register before classes get underway. Last year's total was 535.

School opened the past Tuesday with half-day sessions, which will be continued today. Full schedules begin next week.

The great increase was in the first grade, which jumped from 37 pupils last year to 49, and in the twelfth, which has 47 pupils this year as compared to 41 in 1946.

A breakdown of the enrollment distributed the boys and girls as follows: First grade, 49; second, 40; third, 47; fourth, 41; fifth, 47; sixth, 38; seventh, 43; eighth, 37; ninth, 57; tenth, 51; 11th, 37, and 12th, 47.

Registration, the making up of schedules, and the distribution of books kept the pupils busy this week, while Grim and his instructors held a series of meetings to organize the school for the year's work.

Boy Scouts Describe Thrills of Jamboree, Voyage to France

Boy Scouts Paul R. Nestler Jr., 15, of Green Lane, and William Schlicher, 17, of Pennsburg, are home from France with tales of a campfire for 50,000 and of being surrounded by Scotch kilts, with souvenirs including kilts, woggles and berets, and the opinion that American scouts can learn plenty from their European friends.

The local scouts were chosen to be among 1070 U. S. representatives at the first Boy Scout Jamboree since 1937. They carried 80-pound packs up a Staten Island ransplank July 24 and returned Aug. 30 after spending 10 days in the enormous camp site at Moisson, 40 miles south of Paris, and making two short tours of France, Belgium and Holland.

"European scouts are further advanced than Americans," Nestler said.

BYRD MAY QUIT

WASHINGTON, Sept. 4 (AP)—The Washington Post quotes Senator Harry F. Byrd (D-Va.) as saying his "present intention" is not to run for another term.

Storms Drench Borough; Lightning Strikes Barn

Two freak rainstorms, violent but brief, suddenly disturbed the borough's early morning calm yesterday and departed as rapidly and mysteriously as they had arrived.

Like stealthy Indians, one behind each other, they crept up with hardly any advance warning and poked two sharp jabs at Pottstown before disappearing.

The sky clouded quickly at about 7:15 o'clock yesterday morning and let loose with a dripping salvo of 15 minutes' duration. At 9:45 o'clock, the first shower's big brother steam-rolled over the borough and gave it a thorough drenching from boundary to boundary. It was as though Pottstown had been a rock at the bottom of Niagara Falls.

At the height of the 9:45 special, which accounted for one-quarter inch of precipitation, lightning struck a barn belonging to William Beidler, Gilbertville RD 1. The bolt hit a corner of the barn above the garage, knocking a pane of glass eight by ten inches from a window. The sheet of glass fell to a concrete walk below but remained unbroken.

Police said that no reports had been received of storm damage in Pottstown. The Philadelphia Electric and Bell Telephone companies likewise reported that the storm caused no difficulties.

Both showers caused no noticeable immediate change in temperatures, but a gradual increase in mercury readings occurred as the day progressed after the last bit of rainfall until the thermometer registered a high of 85 in the afternoon. This reading was the highest since Aug. 26, when Pottstonians were sweating in the 90s.

The mid-west, which has been suffocating under temperatures, (Continued on Page Eighteen)

Warehouse Employee Bound Over to Court In Theft of Lemons

Another chapter in the lemon "squeeze play" drama was written yesterday afternoon when Harry Renninger, 56, of Pennsburg, was given a hearing before Justice of the Peace Raymond C. Kelley, of the Second ward, on a charge of larceny. He furnished \$500 bail for his appearance before the Montgomery county court.

On Wednesday night, Harvey Reinhauser, Pottstown RD 3, furnished \$500 bail before Justice of the Peace Richard H. Cadmus, of the Fifth ward, on a charge of receiving and possession of the stolen lemons which police said Renninger admits he sold to him at \$4 to \$6 per crate while the retail price is \$11 to \$13.

Nestler

"European scouts are further advanced than Americans," Nestler said.

Chestnut Street Parking Will Be Restricted

Parking on the north side of Chestnut street from Charlotte to Hanover streets is forbidden, but the ban will not be enforced by the police until "No Parking" signs are erected, Borough Manager Dow I. Sears announced yesterday.

In yesterday's Mercury it was erroneously reported that unrestricted parking would be allowed on the two streets.

Sears said that only the scarcity of steel sign posts has prevented the borough from erecting the signs. Orders were placed for the posts when the resolution forbidding parking on the two streets was passed by borough council, he added.

AIRPORT GRANT ACKNOWLEDGED

Commissioners Praised By Burgess for Extending Aid to Pottstown Project

A message from Burgess William A. Griffith to the county commissioners, thanking them for their \$21,400 grant to the proposed Pottstown municipal airport, and assurance from Leon C. MacMillen, chairman of the citizens' airport committee, that pledges from industry will be realized soon marked the progress of a fund drive for the airport yesterday.

In a letter to Foster C. Hillegass, Frederick C. Peters, and Raymond K. Mensch, Montgomery county commissioners, the Burgess said: "Let me add my personal thanks, as well as the appreciation of the office of the Burgess of Pottstown for your magnanimous gift toward purchase of a Pottstown Municipal airport."

"Montgomery county long has been noted as one of the most progressive counties in the Commonwealth. By your action in appropriating the purchase funds, you commissioners have stamped yourselves as most progressive and most foresighted."

"You made a good investment for the county. The establishment of an airport here will do much to keep Montgomery in the forefront among Pennsylvania counties. It will mean much to the development of the county industrially, will add to its wealth, will make it more of a 'home' county."

"Your name certainly will go down to posterity as real benefactor of mankind. You have our most sincere appreciation for your kindness."

"When the Pottstown airport is dedicated to progress, we shall want you to be present."

"Thank you again, yours cordially, William A. Griffith, Burgess."

Although the amount of the commitments from Pottstown's industry, (Continued on Page Eighteen)

CHURCH OBJECTS TO MORTUARY ZONING APPEAL

Grace Lutheran Members Protest Building Near Site of Proposed Edifice

A petition against granting a variance from the zoning ordinance to Harry W. Wilson, of Mountville, who seeks to erect a funeral home on the east side of North Charlotte street, between Porter and East streets, was filed at last night's hearing of the zoning board of adjustments at borough hall.

The petition, filed by the Grace Lutheran church congregation, contains 30 names which include those of the pastor, the Rev. Asa S. Wohlsen, members of the church official board and other members of the congregation.

Last night Rev. Wohlsen testified that objections to the erection of the funeral home on a site 90 feet from that of the proposed new Grace Lutheran church, were based on the fact that it would create a traffic congestion.

He also asserted it would interfere with the church-like atmosphere to have a commercial enterprise nearby and that it would affect the value of the church property and the welfare of the congregation.

The following officers of the church joined with the pastor in filing the protest last night: Oscar Yerger, 616 North Charlotte street; John Copenhaver, 700 (Continued on Page Eighteen)

Rail Worker's Body Is Found Near Monocacy

The lifeless body of a Reading railway section gang worker was found lying with the face embedded in the culm-covered north bank of the Schuylkill river almost directly beneath the Monocacy concrete bridge at 3 o'clock yesterday afternoon.

The body was identified as that of Benjamin J. Surron, 55, of Philadelphia. Identification was made by Foreman C. W. Straub, of the group of 40 roadway workers who are housed in cars opposite the Monocacy station. George Kline, a Monocacy store keeper, also identified the body.

The body was discovered by Paul Mammiller, who lives a short distance south of the bridge. He saw the body lying on the bank and called State police of the West Reading station. Deputy Coroner Harry T. Carson, of Birdsboro, also is assisting in the investigation.

Foreman Straub said that Surron appeared to be under the influence of liquor or ill Tuesday morning, when he did not go to work. He said he walked down the roadway toward the river about 9 a.m. and (Continued on Page Eighteen)

- VIRGINIA ROBINSON—taking a long bicycle ride.

Vets Slow Down On Cashing Bonds, AP Survey Shows

By The Associated Press

The initial rush by veterans to cash their terminal leave bonds tapered off yesterday.

An Associated Press spot check in major cities showed bank business in cashing the bonds had dwindled to a mere trickle of what it was Tuesday and Wednesday, the first days veterans could cash the bonds given them in payment for unused furlough time while in the armed services.

Some bankers said they thought there might be a pick up tomorrow. This was on the theory that there are many veterans who want to cash their bonds unable to take time off earlier in the week.

With all banks eligible to cash the bonds, there was little basis for any sound estimate of the total amount in bonds cashed throughout the country.

In Washington, Treasury department officials said they were preparing a telegraphic survey and hoped to get approximate figures early next week, perhaps Monday.

About \$1,800,000 worth of the bonds were issued to some 9,000,000 veterans. Both the Treasury and President Truman have urged that veterans hold onto their bonds, rather than cashing them.

Reports from individual cities made it clear, however, that the cashing of bonds was in amounts that would add substantially to purchasing power and give a fillip to trade.

The Los Angeles AP bureau said the best available estimates indicated more than \$25,000,000 worth were cashed in southern California.

In Philadelphia, banks reported cashing \$7,000,000 worth the first day.

New Orleans, reporting that the bond rush appeared over, said it was estimated \$2,500,000 worth had been cashed of the \$4,000,000 worth issued to veterans in that area.

Tuesday's cashing in Kansas City totaled \$1,406,000. The volume was smaller Wednesday and dropped further yesterday.

In Atlanta, the total cashed was estimated in excess of \$1,500,000 and in Memphis it was \$1,824,377 for Tuesday and Wednesday.

The Chicago Federal reserve bank said the rush appeared over but that statistics were not available. Boston banks, also reporting the rush over, said they had instructions from the Treasury not to give out any figures.

San Francisco, Sept. 4 (AP)—Attorney General Fred N. Howser today linked the gangster-murdering of Bugsy Siegel to a California bookmaking war, and said his agents had uncovered two "very good suspects."

In response to reporter's questions, Howser said the suspects were "eastern" bookmakers whose whereabouts were known to the California Department of Justice.

Siegel, Southern California underworld figure and Nevada gambling operator, was shot June 20 in the Beverly Hills home of raven-haired Virginia Hill.

Candidate

John J. Nease (above), of St. Louis, says he has written officials of the 48 states asking that his name be placed on the presidential ballot in 1948 as a candidate of the Third Party.

Uranium Deposits Found in Canada

OTTAWA, Sept. 4 (AP)—Discovery of new uranium deposits in Canada's northlands was disclosed today by reconstruction minister G. D. Howe at a news conference dealing with atomic energy developments.

Howe declined to say where the deposits had been found or to estimate their size. He did say that the Belgian Congo still has the largest supplies of uranium in the world, indicating that the new discoveries are not sufficient to better Canada's position as the second largest supplier of the rare element.

Canada still is shipping uranium to the United States from "time to time," said Howe but he declined to go any further into this aspect of atomic research.

Estimated in excess of \$1,500,000 and in Memphis it was \$1,824,377 for Tuesday and Wednesday.

The Chicago Federal reserve bank said the rush appeared over but that statistics were not available. Boston banks, also reporting the rush over, said they had instructions from the Treasury not to give out any figures.

Factory Workers Get Record Salaries; Wholesale Prices Advance to New Mark

WASHINGTON, Sept. 4 (AP)—The Bureau of Labor Statistics reported today that factory workers' earnings hit a new all-time peak in June and wholesale prices climbed to a new postwar high in the week ended Aug. 30.

Average weekly earnings of factory workers were put at \$49.37 in June, almost \$1 more than the \$48.46 in May. But BLS said prices went up from May to June and concluded that workers could buy just about the same amounts in both months even though they had more money in June.

Marking up the ninth weekly postwar record in a row for wholesale prices, the bureau said higher price tags on cars and some farm products were chiefly responsible for a rise of 0.3 percent during the week ended Aug. 30. The index advanced to 156 percent of the 1926 average.

The all-time high for wholesale prices was 167.2 in 1920.

The index the past week was 4.3 percent above the final week in June and 20.1 percent above a year ago. It was 78 percent above the corresponding week in 1937 and 59.9 percent above the August, 1929, index.

Even with the normal August decrease in farm employment, civilian employment total during August was 59,914,000, still 2,224,000 above August, 1946, but down 141,000 from June of this year and off 165,000 from July, high point in the nation's history.

Nevertheless total employment—including 1,352,000 in the armed forces—was 61,266,000 during August.

The number of jobs decreased even more than the number with jobs, dropping 463,000.

Flour, shortening, salt, baking powder, the same ingredients, same fine quality you would use—that's why Flako, and only Flako, has stood the test of 25 years. Just add water.

Trunk Saved in Fire; Young Boy Perishes

CHATTANOOGA, Tenn., Sept. 4 (AP)—Neighbors rushed into a burning house here last night to save a trunk and unknowingly left a four-month-old boy to die in the flames as they carried the trunk outside.

"They didn't know the baby was there," said assistant fire marshal C. W. Hayes, who told of the Negro infant dying in the same room where neighbors seized the trunk.

He said several persons were within a few feet of the infant but didn't see him because of the smoke.

The victim was Walter Lee Mangrove, son of Lorenzo and Mary Mangrove. The father was not at home and the mother was visiting friends.

Cows Get Shower Bath In Milking Experiment

BATON ROUGE, La., Sept. 4 (AP)—They're cooling milk inside the cows at Louisiana State university.

Dr. D. M. Seaton, of the LSU experiment station staff, said today that a few fortunate animals are receiving shower baths daily. The idea is to see if a cool cow produces more milk than a hot cow, he said.

He said by sprinkling a cow its temperature can be brought down a full degree. The cow, however, must stand in the shade while being sprinkled. Else the cow remains quite warm, he said.

By MERCURY READERS
Editorial Appreciated
To the Editor: I want to express to
you my sincere appreciation for the
editorial appearing in The Mercury, Satur-
day morning, Aug. 31. It was very nice
of you to do this, and I greatly appreciate
it.
I am very proud of The Mercury as our
local newspaper. It is far superior to
many newspapers in towns and cities
within the size of Pottstown. Then The
Mercury has always been very good to me,
and I appreciate it very much.
Again thanking you very kindly for
the writeup on my activities in the
Patriotic Order Sons of America, and
wishing you and your paper unbounded
success, I remain
Pottstown A. D. BOYER

Patriotic Order Sons of America

Marshall Plan Billions
May Re-Elect Truman
By RAY TUCKER
WASHINGTON, Sept. 4.—Prospective
loans of 20 billion dollars or more to
Europe under the Marshall Plan may re-
elect the Truman Administration on a
wave of prosperity stimulated by govern-
ment-financed foreign trade. Political
economists around the White House do
not emphasize this phase of the proposed
deal, but it figures in their calculations.
The high employment and business
activity that exports will generate are
expected to offset domestic shortages
and rising prices which may also re-
sult from shipments that will total
approximately 12 percent of our gross
national output.
Although far smaller than the phys-
ical volume and money value of our war-
time, lend-lease aid, it will have the same
beneficial effect upon American economy.
DECLINES: The importance of this arti-
ficial stimulus, both economically and
politically, is shown in recent domestic
declines in business operations. Retail
sales, industrial inventories and produc-
tion totals have been dropping steadily
in the last few months. Due to dollar
shortages abroad and exhaustion of past
loans to foreign countries, their purchases
over here have been falling off.
In short, many signs pointed toward
a recession that might set in before 1948's
presidential election. But the prospect of
Marshall loans over a four or six-year
period is expected to reverse these trends,
provided Congress appropriates the neces-
sary funds.
ISSUE: Republicans' realization of the
politic-economic effect of the aid-to-
Europe program lies behind the dispatch
of a special committee (the Eaton-Herrer
group) to the continent to investigate the
actual need for so much money.
It is not expected that the GOP
will oppose the scheme, although it
may force some modifications, for the
financial and business interests that
influence party policies in matters of
this sort have registered their support
of the Administration's policies.
The Republican leadership also will
hesitate about blocking any move which
has as its basic purpose a desire to com-
bat and contain Communism. Having
made so much political capital out
of charges that the Roosevelt regime
"coddled the Communies," the opposition
will hardly dare to buck President Tru-
man and Secretary Marshall on the anti-
Red issue.
PROFIT: Although the 16-nation confer-
ence at Paris has not yet produced a
blueprint of Europe's needs and resources,
Secretary W. Averell Harriman's commit-
tee has listed the main items that are
expected to top the foreign countries'
principal requirements. It is based largely
on a study of the main exports during
the first six months of 1947.
Their inventories give a fairly accu-
rate and comprehensive idea of the in-
dustries that will profit from the actual
operation of the Marshall Plan. Here are
the key items in the order of their im-
portance, as well as their percentage rela-
tionship to the national production of
each commodity.
NEEDS: Electrical, industrial and agri-
cultural machinery, \$1,100,000,000, or 10
percent; textiles, \$750,000,000, or 11 per-
cent; autos, trucks and parts, \$550,000-
000, eight percent of passenger car out-
put and 22 percent of trucks; iron and
steel, \$500,000,000, or 12 percent; food,
mostly wheat, \$450,000,000, or 5 percent.
When the proposed loans are negoti-
ated, it is expected that purchases of
these types of goods will be increased
heavily. Other things, which Europe needs
but cannot afford at the present time,
are coal, oil, railroad rolling stock, build-
ing materials of all kinds, and many
varieties of foods.
BOOM: Incidentally, these transactions
do not take into consideration cash-on-
the-line exports to Canada and South
America, which have been heavy pur-
chasers since goods became more avail-
able within the last year.
In view of these figures, and the
fact that 10 percent of additional
output represents the difference
between profit and loss in em-
ployment, within certain industries, the
contemplated advances should insure a
politico-economic boom that may rebound
to the party in power, just as war ex-
penditures laid the foundation for to-
day's "prosperity."
BUSIEST: It is doubtful if the members
of any American Congress have put in a
more active recess period than the men
and women of the current body. A score
of committees will have tackled numerous
domestic and international problems be-
fore next January's reopening. But Rep-
resentative James E. Van Zandt of Al-
toona, Pa., should win some sort of prize
as the busiest legislator.
He begins his round today at
Cleveland, where he will attend the
national convention of the Veterans
of Foreign Wars, of which he is a past
commander, and help to frame their
legislative program. He then will fly
to Hawaii where, as an active naval
reserve, he will serve on the staff
of Admiral Louis Denfield, Pacific
Fleet commander.
On returning across the U. S., he
will inspect atomic installations and lab-
oratories on the West Coast for a House
Armed Services subcommittee. He will
next visit numerous synthetic rubber
plants for another subcommittee work
plans to frame a permanent military and
commercial rubber program at the next
session.
Readers' questions on national affairs
are discussed and answered each Satur-
day in this column. Readers are invited
to send questions direct to Ray Tucker,
6308 Hillcrest Pl., Chevy Chase, Md.

50 Years Ago
September 5, 1897
RUNAWAY ACCIDENT — Oliver A.
Mayberry and his wife and two children,
of North Coventry, were injured in a
runaway accident at Water and Charlotte
streets. The horse became frightened and
threw the occupants of the wagon into
the street.
IMPROVEMENT OF PARSONAGE —
The Emmanuel Lutheran congregation is
making improvements at the parsonage,
239 Chestnut street, preparatory to the
coming of the pastor, Rev. I. B. Kurtz.
FISH CAUGHT — George Christman,
12 East Fourth street, captured two large
carp yesterday in Cross Dam. One
measured 27 inches and weighed 12½
pounds, the other 24 inches and weighed
7½ pounds.

Names Are Dillies...
MODEL — Mrs. Anna Jacobson, Mil-
waukee, Wis., is pretty proud of her
granddaughter, Cheryl Parker. So should
Pottstown. Because Mrs. Jacobson is a
native of Pottstown and so is her daugh-
ter, Grace Parker. And the grand-
daughter is one of the youngest of the
Conover models. Cheryl's face has graced
many a magazine, including the Ladies
Home Journal, Parents, and dozens of
other magazines. Cheryl lives with her
mother, who is Mrs. Chalmers Parker,
in New York City. She visited her
grandmother in Milwaukee recently. Mrs.
Jacobson has brothers and sisters living
here, including Harry Embury and Mrs.
Robert Daylor. Her first cousin is mar-
ried to Burgess William A. Griffith.

25 Years Ago
September 5, 1922
NEW SECRETARY — Miss Mabel
Butler, of Lynchburg, Va., was elected
secretary of the YWCA. Miss Butler will
combine the work of general secretary and
girls' work secretary. She is said to be
well equipped for her duties.
COUPLE WED — Miss Lois Lashaw,
of 333 King street, and Paul Dunlap,
of Pottstown, were united in marriage by the
Rev. H. F. J. Seneker, pastor of the Lu-
theran Church of the Transfiguration.

EVICIONS not only hit the little
fellow who has a large family, works
hard every day down at the puddle mill
to keep the family together. One of
Pottstown's big executives is being
evicted to threats that he's to be
kicked out of the house he rents...
Local grocer confides all is not lost
that glitters in his business. Waste
and spoilage cost the average grocer
\$7.40 for each \$100 worth of fresh
fruits and vegetables sold in his store.
Persimmons, blackberries and straw-
berries top the items with the highest
loss rate.

There are braying men in the world
as well as braying asses; for what's
loud and senseless talking and swear-
ing, any other than braying?—L'Est-
range.
They're State Champions!
YOU CAN'T win 'em all!
So Pottstown's Cardinales shouldn't
feel too badly over losing in the Eastern
regional girls' softball championships.
The Pottstown feminine baseball players
did exceptionally well for their first year.
They won the Pennsylvania championship,
then went on to win the first game in the
regional title play.
After all, the Pottstown lassies stacked up
against some pretty stiff, experienced com-
petition in the regional play. They met
teams that were in six regional tournaments
before, lost to a club that had held the title
for the past three years. So their showing
should be classed as phenomenal.
Pottstown ought to be so enthused
over the Cardinales showing that some-
one ought to start a movement to honor
them at a public banquet. The girls
brought fame to Pottstown, helped spread
the good name of this community on
many a newspaper's sports page.
One of the best ways for a community
to get good publicity is to have winning
athletic teams. Pottstown High gleaned
plenty of headlines when it was winning
championships. This year, with Dave Detar
at Army, Claude Reinhart at South Carolina,
Stef Adams at Navy, Jake Fegeley at
Lafayette, Pottstown ought to get more breaks
than a teacup dropped out of a second story
window.
What's the publicity worth to the com-
munity?
In the case of the Cardinales, it's cer-
tainly worth a dinner to the girls. A word
of praise should go a long way toward winning
the national championship in 1948!

The Horn-Tooter
To the Editor: It is a standard operating
procedure for my neighbors to roll up to
their houses in their cars and bear down
on the horn at any hour, day or night, to
announce their arrival.
They blow for quite a while, arousing
the entire neighborhood. Naturally the
racket disturbs everyone, including my
infant son.
Just what would it take to revive the
old-fashioned custom of politely ringing a
doorbell and announcing oneself?
Pottstown VIOLENT VET

Girl Scorns Longer Skirts
To the Editor: I just read an article
in The Mercury that struck me as being
very old fashioned. Yes, it's the old story
of wearing longer dresses. I agree that
when girls hit that 30 or 35 mark they
should wear them longer, but I don't see
why we high school girls should wear
them four or five inches below the knee
just because the style of 1800 is coming
back.
I believe in styles returning, but why
dig them out of a closet where they've
been buried for over a century? I think
girls should wear dresses about one inch
below the knee, but if this four or five
inches below the knee style continues
we'll all go around looking like great-
grandmothers.
Pottstown MARY

In Hollywood
By JIMMIE FIDLER
HOLLYWOOD, Sept. 4 — I'd like
to start this morning's chat by
quoting a paragraph from a local
gossip column. It reads: "Hedy
Lamarr, back from Taboo, is really
in on clouds these days. All her
unhappiness is washed away by
the surging romance which sprang
up between her and Mary Stevens
after they both decided to turn
over a new matrimonial page. For
the first time in years, Hedy was
seen doing the Strip spots with
Mark last week. She said this is the
first time she's wanted to dance
or go to parties for such a long
time... Hedy is a gay, carefree
lassie again."
Touching, isn't it? Especially in
view of the fact that three-mar-
ried Hedy's divorce from John
Loder won't be final for almost 11
months, and the further fact that
Stevens still has a wife in per-
fectly good legal standing. It's awfully
nice to know that Hedy's broken
heart has been mended so promp-
tly and that she's a gay, carefree
lassie again.
I hear that Hedy and her new
boyfriend plan to co-star in a pic-
ture. I suppose that some producer
will jump at the chance to team
them on the presumption that their
romance, and the tremendous pub-
licity it's getting, will lure John
and Jane Public into the box office
in droves, palpitating with curiosity
to see such romantic real-life lovers.
I think if I were a producer, I'd
hesitate before coming to that con-
clusion. Not all publicity is neces-
sarily, good publicity.

Bridge
By SHEPARD BARCLAY
Counting Is Road Map
JUST AS a cross-country mo-
torist uses a road map to guide
him to his destination, so must a
declarer often depend upon card-
counting to plot a course which
will steer him to attainment of
his contract. Sometimes it shows
him a straight path to where he
is headed and on other occasions
it will tell him to make a detour
in order to avoid difficulties or
dangers. The declarer who will
not do it is like a driver who just
proceeds according to his sense of
direction, paying no attention to
even the road signs.

LONG TRIP — Mr. and Mrs. Nevin A.
Long and daughters, Geraldine and Betty,
of 220 Oak street, and Mr. and Mrs.
Augustus Long, of Stove, returned from
a two weeks' auto trip. They visited
Pittsburgh, Erie, Wheeling, Cleveland,
Ashabula, Buffalo, Niagara Falls and
Canada.

NAMES — Is there a baby coming to your
house? Want to give it an unusual
name? Look at some of these dillies a
Pottstown tourist picked up in Louisiana.
Copied from a school yearbook, they were:
Aeolian, Sara Ben, Rable, Elby, Quinine
Faye, Jarrell Dean, Floyde Idelle, Valrie,
Ola, Henry Faye, Deas, Ora Belle, Harrell,
Starling, Lodi, Olan, Lady Jewell, Cassie
Orea, Nevers and Tessibel... This re-
minds of the two Hollywood children of
the film colony who were chatting away.
"I have two little brothers and a little
sister," said the first. "How many do you
have?" "I don't have any brothers or
a sister," answered the second. "But I
have three papas by my first mamma
and two mammas by my last papa."

Institute Driving Courses
FIVE high schools in nearby Berks county
have added automobile driving courses to
their curricula.
Newton S. Geiss, Berks county superin-
tendent of schools, reported yesterday that
Wilson High school, Fleetwood, Boyertown,
West Reading and Kutztown had added the
courses.
They're all boroughs much smaller than
Pottstown.
Pottstown's school district hasn't done
anything about adding such a course in
the local schools.

Bridge Forgotten
To the Editor: The State highway
department said the first post-war project
it was planning was a new bridge over
the Schuylkill river at Hanover street.
Now I wonder what the excuse is.
South Pottstown R. F. G.

PROFIT: Although the 16-nation confer-
ence at Paris has not yet produced a
blueprint of Europe's needs and resources,
Secretary W. Averell Harriman's commit-
tee has listed the main items that are
expected to top the foreign countries'
principal requirements. It is based largely
on a study of the main exports during
the first six months of 1947.
Their inventories give a fairly accu-
rate and comprehensive idea of the in-
dustries that will profit from the actual
operation of the Marshall Plan. Here are
the key items in the order of their im-
portance, as well as their percentage rela-
tionship to the national production of
each commodity.
NEEDS: Electrical, industrial and agri-
cultural machinery, \$1,100,000,000, or 10
percent; textiles, \$750,000,000, or 11 per-
cent; autos, trucks and parts, \$550,000-
000, eight percent of passenger car out-
put and 22 percent of trucks; iron and
steel, \$500,000,000, or 12 percent; food,
mostly wheat, \$450,000,000, or 5 percent.
When the proposed loans are negoti-
ated, it is expected that purchases of
these types of goods will be increased
heavily. Other things, which Europe needs
but cannot afford at the present time,
are coal, oil, railroad rolling stock, build-
ing materials of all kinds, and many
varieties of foods.
BOOM: Incidentally, these transactions
do not take into consideration cash-on-
the-line exports to Canada and South
America, which have been heavy pur-
chasers since goods became more avail-
able within the last year.
In view of these figures, and the
fact that 10 percent of additional
output represents the difference
between profit and loss in em-
ployment, within certain industries, the
contemplated advances should insure a
politico-economic boom that may rebound
to the party in power, just as war ex-
penditures laid the foundation for to-
day's "prosperity."
BUSIEST: It is doubtful if the members
of any American Congress have put in a
more active recess period than the men
and women of the current body. A score
of committees will have tackled numerous
domestic and international problems be-
fore next January's reopening. But Rep-
resentative James E. Van Zandt of Al-
toona, Pa., should win some sort of prize
as the busiest legislator.
He begins his round today at
Cleveland, where he will attend the
national convention of the Veterans
of Foreign Wars, of which he is a past
commander, and help to frame their
legislative program. He then will fly
to Hawaii where, as an active naval
reserve, he will serve on the staff
of Admiral Louis Denfield, Pacific
Fleet commander.
On returning across the U. S., he
will inspect atomic installations and lab-
oratories on the West Coast for a House
Armed Services subcommittee. He will
next visit numerous synthetic rubber
plants for another subcommittee work
plans to frame a permanent military and
commercial rubber program at the next
session.
Readers' questions on national affairs
are discussed and answered each Satur-
day in this column. Readers are invited
to send questions direct to Ray Tucker,
6308 Hillcrest Pl., Chevy Chase, Md.

PET PEEVES: Studio big
shots who try to paw pretty
stock girls because they big
shots stock girls can't afford
to slap them... Stars who
consider themselves martyrs if
they are forced to stand in line
for a few moments for a cafe
table... American-born actors
who speak with a carefully cul-
tivated British accent... Ver-
onica Lake's expressionless way
of delivering dialogue lines...
That mysterious, half-lidded
moment a camera is turned
in her direction... Hollywood
story tellers who invariably
preface their anecdotes with
the warning, "This'll slayah"
... George Sanders' unintelligi-
ble mumbling which makes
everything he says come out
"waffle-waffle"... Filmmake
glamour girls who, instead of
frankly detesting their rivals,
try to snipe shoot them with
two-faced slander, always pre-
faced by "Of course, I simply
adore her, but..."

SHORT TRUE STORY: a once
well-known character actor (name-
less here for obvious reasons) has
fallen on hard-times and, for the
past year has been living on credit.
A few weeks ago, desperate, because
his creditors were getting to the end
of their patience, he talked a pub-
licity man into taking his case in
hand in the hope that a few items
mentioning his name might pos-
sibly get him a job. The press
agent, who agreed to work on a
percentage basis, immediately re-
sorted to formula "A" and sent
out phony reports to all the trade
papers about a lavish party that
the actor was going to host at the
Mocambo, a cafe as famed for its
high prices as it is for its good
food. The items appeared in print.
Within 24 hours, the actor got an
eviction notice from his landlord, a
notice of legal action from his
grocer, and a call from a finance
company representative demanding
repossession of his car!

(Dealer: South, North - South
vulnerable.)
What is North's best bid after
South opens with 1-Heart?

REASON — One reason you don't
get too far in trying to reason with
an infant, most pediatricians and
child psychiatrists agree, is that up to
two years a child has no sense of the
ego. That means that the child has
not yet learned to think of himself
as a separate being, distinct from his
environment. After the age of 2, the
conception of himself as an entity,
divorced from everything else about
him, begins to sink in. (The ultimate
of that is seen, of course, in the child's
mother.)
ANNOYANCE — Among the other de-
redations those starlings in the Ninth
and West wards are committing is their
destruction of plants. Residents traced
the disappearance of the tops of their
tomato plants to this type bird. A starling
was making a nest out of the tops of the
plants, peas and other vegetables...
GIVE AWAY DEFT — Three female
puppies, part Spitz, at Robert Yerger,
Schuylkill road, Parkersford, "Phone Lin-
field 2246... Several small children,
coming home from school, watched a
workman laying a new sidewalk. He
looked up to see one of the tois walking
in the fresh concrete. Needless to say,
the workman became irritated, raised his
voice and chased them away. A neighbor
asked: "Don't you like children?" "Yes,"
replied the workman simply, "in the ab-
stract, but not in the concrete."

A "Stowe" Grade School
WHILE on the subject of schools, it may
be well to mention the parade of school
busses that come into Pottstown from "Stowe"
every morning. (It's really from the Ninth
and West wards of Pottstown, but the folks
call it "Stowe.")
Three busses loaded with children are
brought into town daily. These children are
dropped off at various schools. They over-
crowd the grade schools.
It seems that it would be more efficient
if the school district would erect a grade
school in the "Stowe" territory. Construction
of such a school would eliminate the stag-
gering cost of providing busses. It would re-
lieve the pressure on other school buildings.
And it would mean so much to the chil-
dren:
(1) They wouldn't have to get up so
early to "make" the busses.
(2) They could come home for warm
lunches.
(3) They could return home earlier
from school.
(4) There'd be no long waits for the
busses in rain and snow and sleet.
(5) Many dangerous hazards would
be eliminated.
With population growing rapidly in the
Glasgow and Penn Village sections, there is
a growing need for a "Stowe" school. The
Pottstown school board, by all means, should
provide for the children who live there.

The Worry Clinic
By DR. GEORGE W. CRANE
A FEW years ago when Sinclair Lewis
was at Northwestern, he took several
verbal pokes at college professors, intimat-
ing that many of them are dead in both
directions from the collar band.
From my previous criticisms of Ameri-
can colleges, you will realize that I didn't
entirely disagree with his caustic induct-
ment.
But I did take issue with him when he
attacked what he termed the current in-
spirational psychology that teaches peo-
ple to act like big shots, and they'll be
more likely to become such.
Mr. Lewis seems to think we should
not try to be different from our actual
feelings of the moment. Being a typical
literary introvert, he probably has the
latter's great dislike for extroverted
tactics.
But he seems to think all acting must
indicate insincerity and fowlflushing.
That's not the case!
For example, here is a young mother
with her two children. She is reading
them bedtime stories. They hear a creak-
ing of the stairs, and become frightened.
Her own heart begins pounding, too.
Shall she act as alarmed as she feels,
as Sinclair Lewis advocates? Or shall
she put up a bold front in order to allay
the fears of her youngsters? You know
what most mothers will do. They'll
act brave, despite their inward quaking.
For courage is a matter of habit. If
we act the part long enough, then we'll
really be brave. I have previously told
you that the coward is afraid and simply
acts the way he feels, whereas the brave
man is afraid of being afraid, so he puts
up a front.
A timid salesman or a frightened
school girl will quake in front of an
audience. But they should put up a front.
Take a big breath and go on, regardless.
If they acted as they really feel, they'd
flee from the crisis. By suffering the
anxieties of stage fright, but by resolutely
sticking to their job, they ultimately put
through. They acted one way and felt
another, but wasn't this acting a wise
thing?
Shakespeare told us life's a stage. If
you're better and cross, or as self-cen-
tered as Scrooge and Silas Marner, then
you should act a different role.
For years I have been urging you
readers to join the Compliment club as a
means of extroverting yourselves. I have
given you the sound psychological maxim:
"Act the way you'd like to be and soon
you'll be the way you act."
That is true, so don't let anybody
delude you! Use your own common sense
and you'll find that those who force them-
selves to do things despite their inertia
or fears are the ultimate winners in life.
All habits begin as conscious ideas and
conscious "acting." We purposely make
ourselves finger the keys at the piano.
We don't like the job, but we do it any-
way. Ultimately we become skilled
pianists.
If you cannot boss yourself wisely,
then you are poorly qualified to direct
others. If you permit yourself to sleep
late on Sunday when your better judg-
ment says you should be up and at church,
or teaching a Sunday school class, you
are a poor director.
If you refuse to improve your English,
or let laziness prevent your sending for
my list of common errors in speech, then
you are an incompetent boss of yourself.
If you waddle along with excess fat
when three months of sane dieting would
give you a girl's figure, you are a
poor ruler of self.
Learn to boss yourself, instead of being
a slave to stomach, sex or inertia. Force
yourself to put up a front until that
pose becomes your natural self.

VOICE OF BROADWAY
By DOROTHY KILGALLAN
Broadway Bulletin Board
THE DECISION on the Linda Darnell-
Pev Marley matrimonial adventure will
be announced soon. Friends believe the
star of "Forever Amber" and her camera-
man husband have decided to end it in
Reno.
Tommy Dorsey and
Candy Torton are so
romantic the crystal
gazers are predicting
she'll be the next "Mrs.
Trombone." She's the
former model who was
this year's National
Press Photographer's
Queen.
The season's heavy
loser at Saratoga was
a motor magnate. He
dropped \$120,000 at the
gaming tables at one
sitting... Olivia De-
Harland is perturbed
over the rift rumors.
Brands them malicious
and untrue... Wendell Willkie's son,
Philip, is contemplating a law suit against
a former association of the late presi-
dential candidate.
Una Merkel is ailing again—a tragic
story... Gypsy Marloff is off to Mexico
City for her divorce... Cleveland
pitcher Bob Feller has signed to do an
on-air ood, to be titled "How To Pitch."
His current "Strike Out Story" is a non-
fiction best seller.

YOUR HEALTH
By HERMAN N. BUNDESEN, M. D.
WHERE the ears are concerned "hands
off" is a good rule.
To attempt to get wax out of the ear
with the finger-nails, match-sticks or
hairpins is a bad practice and one which
frequently causes infection, which may be
serious, in the external ear canal.
Usually such infection takes the form
of boils, called furuncles. Though pick-
ing at the ears is the chief cause, there
are others. Swimming in contaminated
water or pools is one of them. Diabetes is
sometimes a contributing cause, as are
fatigue and improper diet.
When this infection first develops,
there is usually discomfort in the ear,
followed by pain.
The pain becomes continuous and is
even quite severe. Movement of the ex-
ternal ear and of the jaw tends to make
the pain worse. The area around the
opening of the ear canal is tender to pres-
sure, and there may also be some swelling
of the tissues. The hearing, as a rule,
is not affected to any great degree.
The boil may break open by itself and
discharge a thick, bloody material. When
this happens, the pain, as a rule, is re-
lieved.
In view of the fact that symptoms pro-
duced by a boil in the external ear canal
are much like those of middle-ear infection,
it is important that the ear be care-
fully examined to tell which of these dis-
orders is present.
An examination of the ear drum should
be carried out since, if there is an in-
fection in the middle ear, the ear drum
will be reddened, while it is not changed
by infection in the outer ear canal.
Treatment of the ear canal infection
consists of cleansing the area, perhaps
with a piece of gauze dipped in alcohol.
Then a piece of gauze which has been
dipped into such things as glycerin or
magnesium sulphate may be inserted as
far into the ear as possible. This is left
in place for twenty-four hours and then
removed.
This treatment may help to reduce
the swelling and pain. At the end of
twenty-four hours, the gauze is removed,
the ear cleaned and another piece of
gauze put in.
The furuncle may break open of itself,
as mentioned before and then all that
is necessary is to keep the ear canal clean.
Once such infection occurs, it tends to
act like a bad penny and show up again,
particularly in people who are in a run-
down condition. In some instances it
leads to otitis media, which is more serious.
To get rid of this severe infection it may be
necessary to give penicillin by injection
into a muscle.

Vacationing With Mercury Readers

By the VACATION EDITOR of The Mercury Staff

A glance at the Labor Day weekend traffic toll will show that not all vacationers are on the road. People who often decide on long vacation trips, often want to cover a lot of ground in a short time. A good percentage of them are successful, but the others... they don't cover ground. Ground covers them... six feet of it.

To some drivers, every road and route is practically the Indianapolis speedway. Too frequently, the finish line turns out to be an eternal vacation in either a spot where wings are the chief mode of transportation, or else where a hot foot is the main instigator of locomotion.

The worse was first. Then came the car, then the collector and then the funeral director. The junk man picks at the remainder... the tail end of what was supposed to be an innocent vacation.

But advice is something we give by the bushel and take by the grain.

"We are celebrating our ninth wedding anniversary here with Mr. and Mrs. A. Wills... having a nice time." So admitted Mr. and Mrs.

Harry W. Cook, and daughter Ruth Jeanette, Pottstown RD 1. Their card shows Rehoboth beach, Del.

Mr. and Mrs. Daniel Yerger, and daughters Lynne and Cathy, of Pottstown RD 3, are vacationing in the New England states. "We visited Saratoga Springs, Lake George, N. Y., is everything they say it is. We really enjoyed it. The children enjoyed the trip across Lake Champlain on the ferry." The card pictures a highway approaching Lake George from the south.

"Having a swell time here, vacationing in New Jersey at Wildwood," said Mr. and Mrs. Reed Nesley and family, of Bucktown, Del.

The tomb of General Thomas Sumter, near Sumter, S. C., is pictured on this card sent by Mrs. Evelyn D. Frederick, 464 Penn street, Spring City. "Robert Diemer and Mrs. Frederick attended the wedding of Miss Matilda McEllan, of Sumter, S. C., and Russell B. Diemer, of Spring City, on Sept. 2."

"Vacationing here for one week. Weather and water ideal," said Mr.

Clinton county courthouse, Frankfort, Ind.

Ursinus Leberman, 548 Howard street, Stowe, who are visiting in Frankfort, Ind. The Clinton county courthouse at Frankfort is shown on their card.

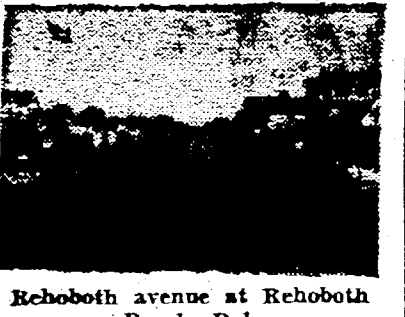

The tomb of General Thomas Sumter, near Sumter, S. C., is pictured on this card sent by Mrs. Evelyn D. Frederick, 464 Penn street, Spring City. "Robert Diemer and Mrs. Frederick attended the wedding of Miss Matilda McEllan, of Sumter, S. C., and Russell B. Diemer, of Spring City, on Sept. 2."

Tomb of Gen. Thomas Sumter, Sumter, S. C.

and Mrs. Frederick attended the wedding of Miss Matilda McEllan, of Sumter, S. C., and Russell B. Diemer, of Spring City, on Sept. 2.

"Vacationing here for one week. Weather and water ideal," said Mr.

Rehoboth beach at Rehoboth Beach, Del.

and Mrs. Samuel S. Hunsicker, of Royersford RD 1, and Mr. and Mrs.

Ex-Sergeant Wants To Plead Guilty in Atom Photo Case

NEW YORK, Sept. 4 (AP)—Arnold F. Kivi, 25-year-old former Army sergeant, told Federal Judge Matthew T. Abruzzo today that he wanted to plead guilty to a charge of stealing secret photographs of Los Alamos, New Mexico, atomic installations.

Federal authorities said Kivi would be given an opportunity to enter a formal plea as soon as the legal way was cleared—probably within a few days.

Kivi was taken into custody near his Brooklyn home the past Friday night by Federal Bureau of Investigation agents. At arraignment Saturday he consented to removal to New Mexico and was remanded to the Federal house of detention pending transfer.

Today Federal authorities took the former sergeant before the judge who asked him if he wanted to enter a plea. Kivi replied that he wished to plead guilty in order "to get the thing cleared up."

When Judge Abruzzo asked Kivi why he took the photos, he replied, "Now I'm beginning to wonder."

Assistant U. S. Attorney Mario Pitoni said Federal authorities in New Mexico would be notified of Kivi's decision and that the information on which the charge is based would be forwarded here, where Kivi will be given an opportunity to enter a formal plea. Should he change his mind and elect to stand trial, Pitoni said he must go to New Mexico.

Kivi was returned to the house of detention pending the next step in the case. The peccettime penalty on conviction is eight years in prison or a fine of \$1000 or both. The wartime penalty is death.

At the time the tall, sailow defendant was arrested, J. Edgar Hoover, FBI director, said agents seized 37 photographs and ten negatives when they searched the apartment Kivi shared with his widowed mother.

Hoover said Kivi had photos showing atomic research apparatus used in the production of the bomb, as well as pictures of visitors to the project.

Kivi was charged with taking the pictures on or about Oct. 2, 1945. He served in the Army three and one-half years, leaving in February, 1946. Hoover disclosed no further details of the thefts.

The walrus lives in northern near-polar regions in small herds.

Lions Members Hear Talk on War Dead; Warned of Cheaters

Warning that unscrupulous individuals will try to cheat the war dead of their money, the members of the Pottstown Lions Club heard a talk by Fred S. Egan, captain of the American Legion, last night at the Pottstown Lions Club. Egan, who is a member of the American Legion, told the members of the Pottstown Lions Club that they should be careful of the war dead. He said that many of the war dead are being cheated by unscrupulous individuals who are trying to get their money. Egan said that he had seen many of these individuals and that they were trying to get the war dead's money. He said that he had seen many of these individuals and that they were trying to get the war dead's money. He said that he had seen many of these individuals and that they were trying to get the war dead's money.

DEATHS - FUNERALS

ISAAC HENRY GRIM, 86, of 373 WEST PHILADELPHIA AVE., BOYERTOWN, died yesterday at his home. He was a son of the late Joel M. and Elizabeth (Stuffer) Grim.
He is the last of his family and is survived by several nephews and nieces.
Funeral services will be held Sunday at 1:30 p. m. from a Warwick street funeral home in Boyertown. The Rev. Harper L. Schneck, pastor of Church of the Good Shepherd, Evangelical and Reformed, will officiate. Interment will be made in Fairview cemetery, Boyertown.

Police Chief Submits August Violation List

Seventeen motor violations were reported during August, according to a report prepared by Chief of Police Arthur B. Heere, and submitted to Burgess James A. Fritz and borough council.
Included were one case each of reckless driving and ignoring a red light, 15 cases of illegal parking, of which six were fined \$1 each and nine were reprimanded by Fritz, the burgess.
Four auto accidents were reported, involving six cars and one motorcycle. One person was injured. Calls for police totaled 108. Mileage on the police car during August was 1296, from 75,734 to 77,030.
Other police activities included complaints received, four; disorderly conduct, one; funerals and other escorts, 18; investigations, eight; larceny (doorway at a Boyertown restaurant), one, and larceny of an automobile, later proven unfounded, 1.

Explorer Post 3 Plans Hike to 'The Pinnacle'

Plans were completed for a hike to "The Pinnacle," a high peak in the Blue mountains, near Hamburg, on Sept. 20 and 21 by the Boyertown Explorer Scout Post 3 at a meeting on the lawn of the residence of the post's explorer guide, Philip West.

Those making the trip will leave Boyertown on Sept. 20 and travel in automobiles to Hamburg, where they will hike to a point near "The Pinnacle." After sleeping overnight at this spot, the group will hike to the actual peak, spend some time there, and hike back to Hamburg.

The post expects to return to Boyertown at night on Sept. 21. The hike will cover between six and eight miles and about 700 feet in elevation.

The members also discussed a trip to Hawk Mountain, a bird sanctuary also near Hamburg, as a Sunday activity some time next month.

Present at the meeting were Robert Reiff, Eugene Johnson, Herman Kumpf, Henry Johnson, George Schwenk, Robert Koons, Harold Meadway, the group's senior leader; Eli Eschenbach and West, the host.

Class of 1935 Reunion To Be Held Sept. 13

Thirty-one members of the class of 1935 of Boyertown High school have signified their intention of attending a reunion of the group on September 13, at 7 p. m. in the Boyer Towne Inn. It was announced following a recent committee meeting.

Additional reservations may be mailed to Elsie Gaele, 6 North Chestnut street, Boyertown, before Wednesday, a committee spokesman said, in urging class members to attend the 12th anniversary affair.

BOYS TO SEE GAME Members of the Cub Pack and of Troop 1 Boy Scouts of Boyertown will journey to Philadelphia tomorrow to see a baseball game. It was announced last night. The group, which is still in need of cars for transportation, will assemble at St. John's Evangelical Lutheran church tomorrow at 12 o'clock noon.

BIRTH ANNOUNCED A daughter was born to Mr. and Mrs. William Prutzman, of Ole., in Reading hospital. Mrs. Prutzman was formerly Emily Giff.

Pastor Tells Rotary Of Trip to Greece On Heifer Vessel

The story of a shipment to Greece of more than 350 head of heifers, and a picture of the "deplorable" living conditions of most of the Greek people, were presented to 65 members of the Pottstown Rotary club, meeting last night in the Eiks' home.

The Rev. Wilmer Long pastor of Trinity Evangelical and Reformed church, Norrisown, told how he and five assistants accompanied the heifers to Greece in July, 1946, leaving from Norfolk, Va., and arriving at Kavalla, a Greek port on the northern Aegean Sea.

During his talk he showed colored slides, depicting the meticulous care given the animals on board ship and the details of their feeding, watering and general protection.

The Rev. Long supervised the unloading of the animals at the port where he met a councilman of the town and spoke English fluently.

This gave the Norrisown party a chance to see some of the small communities in the area, and the Rev. Long told how most of the residents lacked even the bare necessities of life.

He personally accompanied a heifer that the children of his church donated, to its destination, a village of 400 persons, where the animal still lives, a year later, providing vital milk for the villagers.

The speaker and his assistants returned on Sept. 4, 1946.

Time Element Factor In Pay Increases

HARRISBURG, Sept. 4 (P).—Because county and district school superintendents are elected to fixed terms of office, the justice department held today they are ineligible for any mandated increases in pay unless their terms started after the effective date of the increases in July.

The ruling was handed down by Attorney General T. McKee Chidsey at the request of Dr. Francis B. Haas, State superintendent of public instruction, who asked if pay boosts of \$500 annually in the mandated minimums apply to school officials whose terms began before the effective date of the new law.

The 1947 Legislature, in boosting teachers' salaries, also established new salary schedules for district and county school superintendents, assistant county superintendents and supervisors of special education, all of whom serve for four-year terms. The new law was signed July 5 by Gov. James H. Duff.

Soviet Union Transfers Ambassador to Greece

LONDON, Friday, Sept. 5 (P).—The Moscow radio said today that K. K. Rodionov had been relieved of his duties as Soviet ambassador to Greece "in connection with his transference to other work."

Rodionov was recalled to Moscow several months ago. Since then the Soviet embassy in Athens has been under a charge d'affaires.

If you cannot get indoors in a lightning storm, you will be safest in a steel-bodied automobile.

Borough Briefs

Justice of the Peace Raymond C. Kelley, of the Second Ward, will send a summons to James Kaye Applejack Farm, Ranns, who is charged by Motor Patrolman Lewis Borkeet with operating a motor car without wearing eye glasses. This citation is on his operator's card, police said.

He was apprehended by police Monday at 5:30 p. m. at High street and Roseale drive.

New Coal Laboratory To Open in 1948

WASHINGTON, Sept. 4 (P).—The government's new \$450,000 anti-acid laboratory near Schuylkill Haven, Pa., voted by Congress to bring new life through research, and one of the state's chief industries, probably will be coming business by July, 1948.

That's the guess of two spokesmen for the U. S. bureau of mines.—Dr. A. C. Fieldner, chief of the fuels and explosives branch, and Louis R. McCauley, chief of the coal division.

Title to the 11-acre Schuylkill Haven tract now is being cleared, and the government's public outlayings administration then will design a building and let contracts for construction.

Tentative plans for the structure call for a three-story building with 29,200 square feet of floor space that can be enlarged if and when Congress ups the appropriation which both the bureau of mines and industry say is too little. It will be staffed by about 33 technicians, clerks and maintenance personnel.

Ancient Roman officials banned all but their own private vehicles from that city's crowded streets.

Gandhi Ends Fast; Holds Top Leaders Liable for Peace

CALCUTTA, India, Sept. 4 (P).—Mahatmas K. Gandhi tonight broke the fast he started three days ago in protest against Hindu-Muslim strife here. He told communal leaders that the one responsible for the next "unlawful" incident "must be the first to jump into the fire." He said his own next fast would be "unto death."

H. S. Suhrawardy, former Moslem premier of Bengal, with whom Gandhi has been staying as an example of Hindu-Muslim amity, said he gave Gandhi some sweet lime juice at 9:15 p. m., just 73 hours after he started his fast.

"The Mahatma has broken his fast under strict conditions," Suhrawardy said. "He has held important leaders in Calcutta responsible for the peace in their areas."

The 77-year-old Gandhi's decision was announced after a closed conference with C. Rajagopalachari, governor general, and P. C. Ghosh, premier of West Bengal. Acharya Kripaluni, Congress party president, and Suhrawardy.

These leaders emphasized to the Mahatma their honest conviction that the recrudescence of trouble starting Monday was not communal but the mischief of certain interested hoodlums and outsiders.

Taxicab Driver Cited For Shooting Intruder

CHICAGO, Sept. 4 (P).—A coroner's jury verdict today commended a taxicab driver who fatally shot William Paul Elmore, 29, a telegrapher, after the cab driver entered Elmore's apartment on a Northside street.

The verdict said Joseph E. D. S. Vastour, 29, the cab driver, "should be highly commended for his intervention in the case of a citizen." D. S. Vastour had been held without charge by police pending an investigation of the shooting early yesterday, but later was released.

Normal Blue, Gandhi's secretary, said an official announcement said that had prevailed here since last night.

IT REALLY HAPPENED

The Veteran's pent-up hatred of gang politics blew wide open one day last August, when former GI's armed with guns and a determination that a primary election would be honest, blasted the McKim County, Tenn. political ring out of office.

In a way it was an unfortunate occurrence, because violence instead of normal process of law had been employed. But in another way, it was just what was needed. It proved that no political group, no matter how long it had been in power, no matter how firmly entrenched, no matter how many votes it controls or how much ill-gotten money it has in its slush fund, is so strong that it cannot be uprooted.

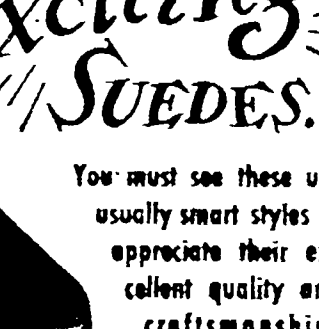

NEXT TUESDAY do not use bullets use ballots and after they are counted and stowed away it would be a blessing if every political boss in Chester County was buried forever beneath the accumulated mass. The deeper they're buried the less likely we are to be bothered with them again.

COME OUT NEXT TUESDAY AND MARK YOUR CROSS AFTER THE NAMES OF DAN EVANS AND MYSELF AND LET'S TOGETHER BURY THEM DEEP.

WARREN S. HENDERSON

At Cancer Research Congress

Four of the more than 200 delegates attending the International Cancer Research Congress meeting in St. Louis, Mo., are shown discussing their favorite subject. Pictured are (l. to r.), Dr. Juan Esteban Passano of Argentina; Dr. V. Leroyer of France; Dr. J. Bouvier of France, and Dr. Ferdinand Valez-Pau, Nicaragua.

New Treatments Expected to Check Growth of Cancer

ST. LOUIS, Sept. 4 (P)—A possibility of slowing down cancer growths to give more time for successful treatment was described today to the Fourth International Cancer Research congress.

Rats with cancer can be kept alive three times longer by reducing the protein in their food and by giving them certain chemicals, Dr. Leslie A. Elson, biochemist of the Chester Beatty research institute, London, Eng., reported.

The animal studies still are experimental, but there is a chance they may lead to methods of retarding cancers in humans, he added.

Dr. Elson is working with a few of the chemicals which induce cancer in experimental animals. But once the cancer is started, these same chemicals sometimes show ability to slow down the cancer growth.

He found that the diet could affect this ability. There was very little if any slow-down effect when rats were fed a diet containing 25 percent protein while they also were receiving the chemical.

But on diets with only five percent protein, plus the chemical, the rats showed a remarkable slowing of cancer growth, he said. There was no change in cancer growth in other rats which did not receive the chemical, regardless of how much or how little protein they were fed.

On low protein plus chemical, cancerous rats lived 30 days, compared with 10 days for those not receiving the chemical, he added. Normally, growing young rats in the laboratory get 15 to 20 percent protein in their diets.

Apparently the chemical somehow interferes with the build-up of proteins within the rat body, Dr. Elson said. Cancer cells grow faster than normal cells and require more protein.

More effective slow-down combinations of diet and chemicals are being sought, as well as an explanation of just how the chemicals interfere with the manufacturing of proteins in the body.

What's in a Dream? This One Saved Money

PITTSBURGH, Sept. 4 (P)—Fred Fournier, owner of a group of gasoline stations, said today a dream saved him \$1700.

He dreamed his bulk gas plant in Rankin was robbed. Alarmed he checked up, but found nothing missing. Just to be safe, however, he removed \$1700 in cash.

The next night the plant was burglarized — but the thieves didn't get a cent.

Most auto societies consist of wingless, sterile, workers and fertile, winged males and females which eventually leave the nests.

Truck-Trailer Owner, Driver Start Suit In Fatal Crash

By Staff Correspondent

NORRISTOWN, Sept. 4.—An echo of the tragic accident on Layfield road, New Hanover township, the past July 21 in which a 21-year-old Obedisk girl was killed, is contained in a suit started in the courts today.

Lester L. Zern, Gettysburg, and James L. Britton, 532 Washington street, East Greenville, brought the action against Milton S. Longaker, Pennsburg RD, asking damages totaling \$15,000.

Zern was the owner of a tractor-trailer which Britton was driving south on Layfield road when a sedan driven west by Longaker on Hoffmansville road, failed to stop at the stop sign at the intersection and crashed against the passing commercial vehicle.

Longaker's car was wrecked completely. The tractor-trailer swerved from the roadway, crashed against a barn, collapsing it, and then overturned.

Miss Margaret M. Barzel, Obedisk, a passenger in Longaker's car, was killed.

Zern and Britton charge the accident resulted from the wrecklessness, carelessness and negligence of Longaker.

Zern asks \$10,000 for damages to his vehicle and the loss of its use while Britton asks \$5000 for injuries he suffered.

Storm Wrecks Machine Factory

Workers search through the wreckage of the Manchester Electrical and Machine Shop, Easton, Mass., after lightning struck the building and tore off its roof. John H. Manchester, 68, the owner's father, died in the accident. Ten others working in the building ran for their lives and escaped. The sudden storm, ripping into a wide area of New England and Pennsylvania, caused many deaths.

Woman Tells Jury She Loved Slain Male

PHILADELPHIA, Sept. 4 (P)—"We were very much in love," 28-year-old Mrs. Marie Anna Lombardo today told the jury trying her for the fatal shooting of her policeman husband, Joseph.

"The only arguments we ever had were over his drinking—about once a week he came home intoxicated," Mrs. Lombardo related to the jury of 10 men and two women.

Lombardo was killed the past Washington's birthday in their apartment.

Mrs. Lombardo told the jury her

husband often had drawn his service revolver, pointed it at her and snapped the trigger "no frigten me."

She testified she repeated her husband's trick, but the revolver fired.

So-called flying squirrels do not fly, but merely glide from one tree to another.

Pullman Company Gets Green Light To Increase Charges

WASHINGTON, Sept. 4 (AP)—The Pullman company today was given special Interstate Commerce commission authority to raise its charges for sleeping car services on a sliding scale ranging from 1 to 44.9 percent.

The company, which must give 30 days notice to the public, said it would aim to put the increases into effect Oct. 1.

Now owned and operated by the railroad, the company estimated the revision would bring in an additional \$13,000,000 a year revenue. It told the commission the changes were necessary to meet steadily increasing operating costs.

The petition for increases was filed Aug. 22 and the commission granted it without hearing by issuing a "special permission" order. This stipulated, however, that the action was "without prejudice" to the right of any affected person to request suspension of the order and a formal investigation by ICC into the proposed changes.

Under the revisions, Pullman proposes to wipe out the present standard lower berth rates of \$2.35, \$2.65 and \$2.95 applying to short over-night trips in many parts of the country, and establish instead a new minimum standard of \$3.50.

Thus the present \$2.35 sleeping car charge will increase 48.9 percent, to \$3.50. The charge for services costing more than that will be increased by a progressively lower percentage. On a \$17.25 standard lower berth rate the increase will be one percent. Where the rate is \$17.70 or over, no increase will be made.

The rates for upper berths, room accommodations, exclusive use of standard cars for one-way trips, and tourist berths will be increased in the same proportion as the standard lower berth rates on which they are based.

The charter car charge will rise from \$62.40 to \$80 per day for standard sleeping cars, and from \$41.80 to \$54 per day for tourist sleeping cars, with the present requirement for a minimum three-day charge maintained.

STRIKE CLOSES PLANT
SALISBURY, Md., Sept. 4 (AP)—The Campbell Soup company plant here, one of the largest on Maryland's Eastern shore, was closed by a strike tonight at the height of the tomato canning season, Manager W. L. Parvin said.

LIMERICK

Betty Brimmer, corr. Phone 2263—ford 129-2-12, Lester Rawlings, delivery.

Miss Elsie Johnson, of England, has returned home after spending a few months with Mr. and Mrs. Austin Buzby.

Mr. and Mrs. Joseph Klumpp and daughter, and Miss Rose Marie Olive spent a day in Atlantic City.

Mr. and Mrs. Gordon Miller and family spent an evening with Mrs. Waneta Trimble, Pottstown.

Dr. and Mrs. W. H. Knipe spent a day in Perkasie.

Mr. and Mrs. Delph, Mr. and Mrs. L. C. Rowland, Phoenixville, Mr. and Mrs. Paul Jefferies, Oaks, and Miss Kathryn Waltz were guests at the home of Dr. and Mrs. Warren Rawlings.

Mrs. Sara Deets, Norristown, spent the weekend with Mr. and Mrs. Fred Tyson and family.

Mrs. Marion Jackson and children, Oreland, spent several days with Mr. and Mrs. Paul Kline and family.

The C. S. Hunsicker family and Mr. and Mrs. Joseph Klumpp and family spent a day at Willow Grove. Miss Nancy Kinzer, Pottstown, spent several days with Miss Janet Miller.

Mr. and Mrs. Joseph Klumpp spent a day in Longwood Gardens, Kennett Square.

Mr. and Mrs. Harry Reese, Bridgeport, and Mr. and Mrs. William Reese, Norristown, visited Mr. and Mrs. Thomas Olive.

Mr. and Mrs. Harry Cook, Pottstown, and Mr. and Mrs. Samuel Hunsicker are spending the week at Rehoboth Beach.

Miss Helen G. Rawlings, Germantown, is visiting Dr. and Mrs. Warren Rawlings for a few days.

Rail Carriers Deny U. S. Charge Of High Rates for TNT Transport

WASHINGTON, Sept. 4 (AP)—A government claim today that it was over-charged by 717 railroads on the wartime movement of explosives and ammunition drew a prompt and emphatic denial from the Association of American Railroads.

The over-charges were alleged in a petition for investigation filed with the Interstate Commerce Commission by Attorney General Tom Clark. He previously had filed an order of complaint against the railroads charging freight charges for the handling of war materials between 1942 and 1946.

The demand for refund on explosives and ammunition was estimated to involve between 30 million and 40 million dollars. The Justice department said "The magnitude of the shipments and the successful safety measures" with which the armed forces surrounded them "entitled the government to rates much lower than those imposed by the railroads."

William T. Parry, president of the AAR, said in a statement that the Government was given a special rate for the handling of explosives and ammunition which was less than for the same service. He said the rate had been approved and accepted as reasonable by the War and Navy departments and was fixed in the same legal manner as those for other wartime Government traffic.

Moreover, he said, the railroads allowed two stop-overs for all shipments on this important war freight and did not impose any additional charge for this privilege. Obviously this added to the railroad's costs of performing this service as did the special handling and care which these commodities required.

The Government's new claim reached the ICC as the railroads pondered what course to take with respect to their pending freight rate increase petition before the commission in the light of an arbitration award of a 15 and 1 cent per hour wage increase for 17 non-operating railroad brotherhoods. The arbitration award, announced at Chicago earlier this week, has been estimated by the railroads to involve an additional \$438,000,000 a year in operating costs.

The railroads asked ICC in July for authority to increase freight rates again by an average 16 1/2 percent on the contention that additional revenues were necessary to meet higher operating expenses. That petition said that if expenses increased further, the request would have to be amended.

Social Democrats Fight for Post in Hungarian Cabinet

BUDAPEST, Sept. 4 (AP)—Members of the Hungarian Social Democratic party said tonight the possibility of a "serious political crisis" depended on the outcome of their demand that a Social Democrat be named minister of the interior in the new government, a post held previously by a Communist.

Hungary's four-party coalition cabinet resigned formally today and was asked by President Zoltan Tildy to remain until a government was formed after parliament convened Sept. 15. A Communist newspaper said the new government would be formed Sept. 18.

The Social Democrats said their party was in turmoil, that its pro-Communist leadership had been unseated and that its new leaders demanded the interior post as part of "the price" for remaining in the coalition and overlooking voting methods allegedly employed by Communists in the past Sunday's national elections.

The party previously protested that the Communists resorted to bribery voting.

Amid the political confusion throughout the nation today, few persons would venture predictions for the future.

Social Democrat informants said Interior Minister Antal Ban had made the demand that a member of his party get the post, and would remain adamant in his stand.

These informants added that Ban and Justice Minister Istvan Riesz who earned the Communists' intention to take their jobs in the new ministry had seized party leadership from Deputy Premier Arpac Szakasits, a pro-Communist, and that Ban eventually would become the top leader. The party's major decisions will be made at a meeting Monday, they said.

Youth Thanks Navy Vet

Charles Horton Jr., 14, whose left forearm was severed by a passing street car when he was holding it outside a bus window at St. Louis, thanks Navy veteran Leo H. Berger, 20, credited with saving the boy's life by holding tourniquet on his arm for 20 minutes until they reached a hospital in an ambulance.

VFW Delegates Told U. S. Must Clear Path to Peace

CLEVELAND, Sept. 4 (AP)—Delegates attending opening sessions of the Veterans of Foreign Wars 48th national encampment today heard warnings that the United States and Russia face each other as two final powers, and that "war certainly is a possibility."

Tunisia's Freedom Plea To Go to United Nations

NEW YORK, Sept. 4 (AP)—El Abed Bouhafa, secretary of the committee for the freedom of North Africa, said today Tunisia expects to present its case for independence and self-government to the United Nations this month.

He said in an interview that Paris El Khoury, Syrian chief delegate to the UN, had told him the Tunisian case would be brought before the Security Council "as soon as the Egyptian case is completed."

Bouhafa disclosed that Sidi Mohammed Al Mousaif, former bey of Tunis, now is preparing a memorandum on "the caducity of the protectorate treaty which was signed between France and Tunisia in 1883." He said the 75-year-old ex-leader of Tunisia's 3,000,000 Moslems would have his memorandum ready when the general assembly convenes Sept. 16.

Assails Veto

Development of the United Nations has been hampered by "excessive use of the veto," Secretary of Defense Forrestal told the Veterans of Foreign Wars national convention at Cleveland last night. Totalitarian governments, which he did not name, dominate without the will of the peoples they govern, Forrestal said.

Beer Price Rise Due in New York

MINEOLA, N. Y., Sept. 4 (AP)—New York state's beer drinkers soon may have to ante up another nickel for their glass of under-Peter Katalvas, president of the New York State Restaurant and Liquor Dealers Association, said today, because in wholesale beer prices meant either "smaller glasses or 15 cent beer."

RAIN POSTPONES TRUMAN'S HIKE

President to Address Brazil Congress Today; Group Moves to Palace

RIO DE JANEIRO, Brazil, Sept. 4 (AP)—Laranjeiras palace, recently renovated at a cost of more than \$1,000,000, became the temporary White House tonight when President Truman and his family moved during a downpour of rain from the United States embassy residence.

Since they arrived in Rio de Janeiro Monday the Trumans have been living at the embassy residence but they will reside in the palace from tonight until they leave for the United States Sunday aboard the battleship Missouri.

The President, Mrs. Truman and their daughter Margaret had their luggage moved into the 13-room palace after weather forced the Chief Executive to abandon an early-morning hike to nearby wooded heights abounding in wild orchids.

Many times he returned to the rain-streaked window to express belief that "maybe it will clear up after a while."

But the rain came down steadily all afternoon and his first rainy day in Brazil was spent in putting final touches on the 15-minute speech to be delivered to the Brazilian congress at 3 p. m. (Pottstown time) tomorrow, and working on state papers.

As the presidential family stepped from the embassy residence for the drive to its new quarters, small groups of people drenched by the rain, waved to the visitors.

Inside the palace the President found the splendor of a past era. There were bathtubs of Italian marble and some of Brazil's finest antique furniture.

The President's visit will be climaxed Sunday by a celebration of Brazil's 125th year of independence. Mr. Truman and President Dutra of Brazil will occupy a reviewing stand for the mammoth parade. Brazil's mechanized military strength will start off the procession followed by regiments and bands.

Dining Car Damaged by Fire; No One Hurt

PITTSBURGH, Calif., Sept. 4 (AP)—Fire breaking out in the air-conditioning system of a lounge car stalled the streamlined Southern Pacific daylight limited here for about an hour today until equipment rushed from Pitxley and two neighboring towns extinguished the flames.

Damage was confined to the one car. A southbound streamliner also was delayed for an hour until the northbound train got under way. No one was injured and the lounge car was detached from the train as it proceeded north to San Francisco. Pitxley is about 200 miles north of Los Angeles in the San Joaquin valley.

116,500 Death Toll Seen in Punjab; India States Move to Check Violence

NEW DELHI, India, Sept. 4 (AP)—Officials of India and Pakistan, who view their independent ways as commonsense less than a month ago, were obliged to undertake joint action today as a result of virtual anarchy which has engulfed the vast Punjab and threatens to spread into a Moslem-Hindu war.

A new case of appalling butchery came to light with arrival of a courier from a remote section of Pakistan Punjab who said a small Hindu military force sent into Shakirgarh district, 55 miles southeast of Sialkot, to protect 120,000 Sikhs and Hindus had found only 500 known survivors and the roads, fields and villages littered with thousands of bodies of victims.

Only 2000 were known to have escaped into adjoining Jammu state.

Monsieur K. Gandhi ended his fast at Calcutta, however, "creating a new era of peace and harmony" would go without food until he returned to Calcutta. His previous earlier had reported he was growing steadily weaker.

All had been quiet in the city since Wednesday night. India's leaders had feared that of anything it would be the aged Mahatma as a result of the fast that the 40,000,000 Moslems in the Indian dominion would have to pay a terrible price at the hands of enraged Hindus.

Repercussions from the Punjab flood had spread in recent days to Calcutta, Bombay, Delhi, the northwest frontier, and Karachi, capital of Pakistan, and leaders were openly fearful of outbreaks in various sections on a scale they considered to be comparable.

In this situation prime ministers Jawaharlal Nehru of India and Liaquat Ali Khan of Pakistan, their ministers, and provincial governors, in a joint meeting with the military at Lahore in the Punjab yesterday pledged themselves to operate as a virtual team in attempting to restore order, to protect refugees, to evacuate and feed displaced persons, to repair desecrated religious places, to restore abducted women and not to recognize illegal seizures of property.

Twenty-three men were evacuated from the Richwood-Sewell Coal company mine about 12 miles from here today after a conveyor belt became overheated and began smoking. Mine Superintendent James Saull said.

Saull said there was no fire in the mine, but that when the conveyor belt began smoking, the men left for fear of entrapment.

First reports spoke of a serious blaze up the mine and police officials were summoned from surrounding communities. All available ambulances were called to the mine, and the Richwood hospital sent its entire staff.

When the fire on the belt was extinguished, all 23 men in the mine walked out safely.

Only 2000 were known to have escaped into adjoining Jammu state.

Monsieur K. Gandhi ended his fast at Calcutta, however, "creating a new era of peace and harmony" would go without food until he returned to Calcutta. His previous earlier had reported he was growing steadily weaker.

All had been quiet in the city since Wednesday night. India's leaders had feared that of anything it would be the aged Mahatma as a result of the fast that the 40,000,000 Moslems in the Indian dominion would have to pay a terrible price at the hands of enraged Hindus.

Repercussions from the Punjab flood had spread in recent days to Calcutta, Bombay, Delhi, the northwest frontier, and Karachi, capital of Pakistan, and leaders were openly fearful of outbreaks in various sections on a scale they considered to be comparable.

In this situation prime ministers Jawaharlal Nehru of India and Liaquat Ali Khan of Pakistan, their ministers, and provincial governors, in a joint meeting with the military at Lahore in the Punjab yesterday pledged themselves to operate as a virtual team in attempting to restore order, to protect refugees, to evacuate and feed displaced persons, to repair desecrated religious places, to restore abducted women and not to recognize illegal seizures of property.

Twenty-three men were evacuated from the Richwood-Sewell Coal company mine about 12 miles from here today after a conveyor belt became overheated and began smoking. Mine Superintendent James Saull said.

Saull said there was no fire in the mine, but that when the conveyor belt began smoking, the men left for fear of entrapment.

First reports spoke of a serious blaze up the mine and police officials were summoned from surrounding communities. All available ambulances were called to the mine, and the Richwood hospital sent its entire staff.

When the fire on the belt was extinguished, all 23 men in the mine walked out safely.

60,000 Miners Idle As Coal Walkouts Spread In Britain

LONDON, Sept. 4 (AP)—Britain's three-week-old coal strike spread today to new mines today leaving 60,000 miners idle and threatening a fuel famine and factory shutdowns to aggravate the nation's economic crisis.

Newspaper surveys showed 34 collieries affected by the walkout, 34 of them totally out of production, all in Yorkshire, a northern England coal.

Arthur Horner, secretary general of the National Union of Mine Workers—which has condemned the walkouts—said he feared the stop-work movement would spread to the Kent coal fields in southeast England.

Top officials of the union decried hurriedly tonight from the trades union conference at Southampton on the South coast—Horner for a London conference with Fuel Minister Emanuel Shawell and Yorkshire district leaders for the strike scene.

Industrial coal piles dwindled in the Yorkshire area and many factories already were curtailing production. The Sheffield Gas company, serving some of the world's biggest producers, asked consumers voluntarily to cut consumption by up to 52 percent.

The strike began at Grimethorpe, a Yorkshire mining town, when some 2000 workers quit in protest against a government-union decision to increase their daily "stunt" the size of the coal face each man works.

L. H. Wood Picked On State Committee To Probe Boards

HARRISBURG, Sept. 4 (AP)—Ap-
pointment of State Senator Lloyd
H. Wood, Norristown, to a ten-man
committee to investigate the opera-
tions of State boards and commis-
sions was announced today.
Sen. T. Newell
Wood of Luzerne
county was named
chairman of the
committee.

The study was
authorized by the
State Senate the
past June in a
resolution sponsored
by Wood which
asserted that
state boards and
commissions
"have a tendency to be unresponsive
to the will of the people as expressed
directly to them and by their elected
representatives."

The resolution, however, made no
reference to any specific State
boards on commissions the largest
of which are the State liquor con-
trol board and the Public Utility
commission.

"The members of this committee,"
stated Sen. Wood, "are Heyburn,
chairman of the general assembly's
joint State government commission,
who announced the committee sel-
ection, will now have an oppor-
tunity to review, investigate study
and consider the problems from
administrative bodies, boards, and
commissions, and to weigh and
evaluate their use of the legislative
powers which have been delegated
to them."

He said the committee is directed
to report its findings to the next
session of the General assembly in
1949 and to present proposals
for legislation to correct an, con-
ditions found which are in accord
with the public interest.

Brief Meeting Is Held By Empire Firemen

Thirty members of the Empire
Hook and Ladder company attended
an unusually brief meeting in the
fire house last night.

Only routine business matters
were discussed in the half-hour
session, according to Elwood L.
Kerr, president of the fire com-
pany.

Youthful Burglar Sentenced 50 Years

PHILADELPHIA, Sept. 4 (AP)—
Judge Harry S. McDermott sentenced
11 young men to prison today as
members of a holdup burglary and
safe-cracking gang while mothers
and relatives screamed and fainted
in the courtroom as the sentences
were imposed.

The stiffest penalty was given to
Anthony Pertiglia, 21, who pleaded
guilty to 26 crimes, including two
holdups and 16 safe robberies. He
was sentenced to 50 to 100 years in
prison after George Richardson,
assistant superintendent of police,
told the judge that "this man is a
cold-blooded criminal at the age of
21."

Richardson described Pertiglia as
"one of the most hardened criminals
our department has ever had to
deal with. He gave no co-operation
after the gang was broken up."

The 11 sentenced today, together
with eight others whose cases were
deferred were among 28 members
of the gang who were rounded up
by police during recent months.
Some already have been sentenced.

Bombs Blast Homes Of Anti-Communists

SAN DIEGO, Calif., Sept. 4 (AP)—
Bombs exploded almost
simultaneously in the homes
of three anti-communists, residents
of the anti-communist club, on action
party and other large numbers
and Bernardo boards, secretary-
general, of the Socialist branch of
the labor organization of China.

The explosion was a result of
the bomb.

Miss Mary Mertz Addresses Group On Child Guidance

Parents can seize the opportunity presented by a child's address in some way of nature to get them with God in their minds, said Miss Mary Mertz in her address to the members of the WSCS of the First Methodist church.

Miss Mertz, former school teacher, who chose the topic "Your Child and God", added that parents can influence a child regularly at home and set an example for them as well as the teacher in school and the visiting of churches by the school children in a body should be encouraged.

Program chairman was Mrs. Florence Mauger while Mrs. John S. Merkel, president, presided over the business meeting.

A general supper committee was named to assist at the supper for the Men's Federation of Bible classes and the church supper on Nov. 1.

The committee is comprised of Mrs. Walter Zimmerman, Mrs. James Marquet, Mrs. Howard Kerner, Mrs. Ralph Schlichter and Mrs. Merkel.

For the supper on Nov. 1, the following chairman were named: Mrs. Joseph James, in charge of the cakes; Miss Evelyn Rahn, candy; Mrs. Vincent Elliott, Sr., gifts, and Mrs. Ralph H. Spare, dining room.

During the social hour, Mr. Raymond Elliott presented violin selections while Miss Martha Kline rendered vocal selections.

A report of the birthday calendar was given by Miss Rahn and it was announced that a church conference will be held on Sept. 10 in Philadelphia and the speaker will be Mrs. J. R. Chittambar, wife of the late Bishop Chittambar of India.

WEDDING ANNIVERSARIES

Today Mr. and Mrs. Robert Kerr, 151 North Washington street, nine years.

Mr. and Mrs. Anthony Kozel, 105 Howard street, Stowe, three years.

HOSPITALS

MEMORIAL
Admitted: Phyllis Diebler, Pottstown RD 1, surgical; Mrs. Dorothy Compher, Fruitville, maternity; Mrs. Kathryn Wallace, Royersford, medical; Blaine Martin, Pottstown RD 4, surgical.

Mrs. P. Yonkovitch Elected President Of Amvet Auxiliary

At a well attended meeting last night of the Ladies auxiliary of the Amvets, Mrs. Pauline Yonkovitch was named president of the newly organized women's unit.

Other officers elected were Mrs. Helen Wentzel, first vice president; Mrs. Evelyn Buchanan, second vice president; Mrs. Betty Zelan, third vice president; Mrs. Jennie Bechtel, secretary; Mrs. Louise Rhoads, treasurer; Miss Mary Whelan, parliamentarian; Mrs. Joyce Ruck, public relations officer; and Miss Anna Levengood, sergeant-at-arms.

It was announced that at the next meeting on Oct. 9 there will be a special entertainment and the members are requested to bring prizes.

Women desiring to become charter members of the group have until the next meeting in October to join. All mothers, wives, sisters, and daughters of veterans are urged to attend.

On Saturday afternoon at 2 o'clock the women will meet at the post for a short meeting to help the Amvet members sell tickets.

Scouts of Troop 4 Enjoy New Game Played

The Girl Scouts of Troop 4 met last night in the recreation room of the Grace Lutheran church at which time they enjoyed a new game taught by Miss Mildred Geist, leader.

After a short business meeting, the scouts were then divided into their various interest groups.

Present were Anna Kepner, Marion Reif, Barbara Jean Predd, Dena and Carol Neyenesh, Doris Reese, Virginia Perce, Alice Erb, Dottie Berkhimer, Rae Ann Kennedy, Ruth Groff, Shirley Drumheller, Grace Moyer, June and Arlene Houck and Miss Eleanor Land, leader of Troop 5, was their guest.

Assistant leaders, Misses Larue Bickel and Arlene Richards were also present.

Linda Huels Feted By Her Parents On First Anniversary

Staff Sergeant and Mrs. Harold Huels, 151 High street, entertained yesterday afternoon in honor of their daughter Linda, who celebrated her first birthday anniversary.

A large pink and white decorated cake centered an attractively decorated table.

The celebrant received many lovely and useful gifts.

Guests present were Mr. and Mrs. Lewis Lutz and daughter, Catherine, Mr. and Mrs. John Lutz, Mr. and Mrs. George Lutz and daughters, Patsy and Carol, Mrs. Helen Levengood and son, Earl Jr., Gerald, Harry and Kathleen Richards and Judith and Harry Seavers.

BIRTHS

Mr. and Mrs. Harold J. O'Neill, 1024 Queen street, are being congratulated on the birth of a son yesterday in Pottstown hospital.

Congratulations are in order for Mr. and Mrs. James Hipple, 470 Spruce street, as a son was born yesterday in Pottstown hospital.

A daughter was born to Mr. and Mrs. Stanley Compher, Fruitville, yesterday in Memorial hospital.

Boyertown

Boyertown Woman Passenger on Trip Of Ideal Schooner

A Boyertown young woman is aboard the schooner "Utopia," dreamboat of one of the nation's foremost boat builders, as it carries its 12 passengers on a world cruise which would make the heart of any globe-trotter beat a little faster.

She is Marian S. Berk, daughter of Mrs. Mabel Berk, 15 Fairview street, Boyertown, who joined the remainder of the ship's company at Quebec on August 24. The schooner is now on its way to the Azores islands, having left Sydney, Nova Scotia, the past Tuesday. The cruise, which is leisurely as well as luxurious, is scheduled to end in Los Angeles, Calif., next April.

How Miss Berk came to hold down a berth aboard the sailing vessel is a story by itself. While serving overseas with the American National Red Cross as a clubmobile worker during the war, she met Jeanette Winchell, of West Newton, Mass. The Winchell family are friends of Fred J. Peterson, of Sturgeon Bay, Wis., the designer and builder of the craft. Thus it came about that she was invited to make the trip.

In addition to Miss Berk, Miss Winchell, and Peterson, the following are also aboard: Mrs. Peterson, wife of the builder; their 23-year-old son and daughter-in-law, Mr. and Mrs. Ellsworth L. Peterson, recently married, who are spending their honeymoon on the cruise; Dr. G. E. Eck, of Lake Mills, Wis.; Wallace H. Close, Portland, Ore.; Keith Roberts, Wisconsin Rapids, newspaperman; Joseph Dudenhofer, of Milwaukee; Carl Druezer, of Chicago; and Roland A. Smith, of Sturgeon Bay. The younger Peterson is serving as navigator.

The cruise was planned as long as a year and one-half ago and will touch the Azores, Lisbon, Gibraltar, and the south of France and Italy. Then the schooner will cross the Mediterranean to Tunisia and Algiers, Casablanca, and the Canary islands.

A recrossing of the Atlantic is next on the itinerary, with calls at Trinidad, Martinique, Puerto Rico, and Jamaica. A trip through the Panama canal will put the ship into Pacific ports in South America—and then believe it or not—comes the termination of the cruise at Los Angeles in April!

The "Utopia" is 65 feet by 18 feet, draws six and one-half feet of water, and is stavesail rigged. It represents Peterson's ideals in boat-building as the result of 30 years experience and is the embodiment of his plans to go on a world cruise before the mast.

The schooner is well-provisioned both with personnel and supplies to operate as a self-sufficient craft. Peterson chose his guests for their cooking and sailing ability, he said. Work is divided among the passengers, each performing duties aboard the schooner and standing the necessary watches.

The sailing vessel is carrying 2500 gallons of water, 1400 gallons of gasoline; 2000 pounds of frozen food, and 100 cases of other food.

Miss Berk is a graduate of Boyertown High school, class of 1938 and of Mt. Holyoke college, South Hadley, Mass. class of 1942. Before serving overseas with the American Red Cross she was employed by Prudential Insurance company at its home office in Newark, N. J. Miss Berk volunteered to serve with the Red Cross and joined a clubmobile unit overseas, where she served in England and in Weimann Germany, with the 84th "Railplitters" division. She was in ETO for 14 months before returning, she was promoted to section captain.

Following her return from Europe

Three Share Estate Of Mariana Anthony

A brother, Calvin Anthony, a sister, Sapora Spayd, and a nephew, Harry Anthony, share the estate of Mariana D. Anthony, Boyertown, valued at \$35 in personal property and \$6500 in real estate, the latter being a house at 335 East Philadelphia avenue, Boyertown, and a farm in Washington township. The nephew is the executor.

Letters were granted to Esther B. Campbell to administer the estate of her mother, Elizabeth H. Gihm, Boyertown, valued at \$2200 in personal property and \$6000 in real estate, a property at 645 East Philadelphia avenue.

A petition of the National Bank of Boyertown was approved by Judge P. A. Marx in Orphans court in Reading to expend \$300 for dental care and clothing for Anna Mae Moyer Leah Joan Moyer, Lena June Moyer, Linwood Harvey Moyer, and Robert Lee Moyer, all minors of whom the bank is guardian. H. Leon Breidenbach, attorney.

Judge Marx approved the petition of Miriam B. Carver, of Boyertown, to accept an automobile on account of her widow's exemption. H. Leon Breidenbach, attorney.

The Farmers National Bank and Trust company, Boyertown, was appointed guardian of Arthur and Earl Luff, minor children of Mabel Luff, of Colebrookdale township. The minors have an interest in the estate of Norman G. Baus, states the petition. H. Leon Breidenbach, attorney.

PTA Executive Board Prepares Year's Program

Plans for the coming year were drawn up at a meeting of the executive board of the high school Parent-Teacher association at the home of the president Mrs. Roland R. Leister, 528 East Fourth street. The initial meeting will be held in the high school on September 17.

Mrs. Eugene Smith, of Pottstown, Southeastern district PTA president, was present to advise the board. Members attending were Mrs. Edith Reiff, secretary; Mrs. Rudolf Abrams, treasurer; Mrs. Dorothy Neiman, program chairman; Marion R. Brumbach, chairman of budget and finance committee; Mrs. Franklin Updegrave, hospitality chairman; Russell R. Schaeffer, membership chairman; Mrs. Smith; and Mrs. Leister.

and during the past year, Miss Berk has been employed by "Time" and "Life" International, New York City.

Cub Pack to Hold Picnic Tomorrow

Cub Pack 53 will hold its annual Summer picnic at Ringing Rocks park tomorrow afternoon. "Rain or shine" declared LeRoy R. Moyer, counselor.

The group will leave from the Emmanuel Lutheran church at 12:45 p.m., and a program of softball games, roller skating, and a ball game between men and women has been planned for the afternoon.

H. W. Van Dyke is the program chairman, while Paul L. Salzer and Wilmer Kunkelner will take charge of the softball games.

The Den Mothers, Mrs. Paul Moyer, Mrs. William J. Weiss, Mrs. L. Roland Smith, Mrs. Ernest A. Kelly, Mrs. Harold N. Boughner, and Mrs. H. M. Mourman, will supervise the Cub Scouts' games.

In charge of the adults' games will be Kenneth Fine, William Morrell, Howard B. Horrocks, W. Mark Hennrich, Robert D. Smith, Lester S. Warriner, and W. Elwood Schaeffer.

Will H. Hillegas and Paul Mohn will supervise the quilt contests, while Marie Ramoo will take charge of the refreshment tickets and prizes for the contests. A. W. Koopman is pack chairman.

Letters by Forger Brings Heavy Sentence

PITTSBURGH, Sept. 4 (P)—Letters written by a prisoner under sentence for forgery helped send the author back to prison today under a new sentence of from 15 to 30 years on similar charges.

He is Joe Roselli, 39, of DuBois, who pleaded guilty in Allegheny county court to forging ten checks for \$65 here in 1945. Police Detective Ed Ferris and a handwriting expert agreed in court today that the letters were written by the same hand that forged the checks.

In the letters, Roselli told Pittsburgh newspapers, city officials and civic leaders that he was innocent of any forgeries.

Royersford School Board to Demand Weight Slips on All Coal Deliveries

Hearing report that an out-of-town coal dealer who shared in part of the bid for supplying coal to Royersford school district has been charged with giving short weight in Phoenixville, Royersford school board has decided to demand that local weight slips be furnished for all coal delivered in the future.

The action was taken last night. It was reported local dealers have been furnishing local weight slips.

The board accepted routine reports and acted on other matters at its monthly session, with all directors attending.

Report was made that the athletic association had defrayed the expenses of pipe and the erection of a new backstop on the high school athletic field at a cost of \$300, but the cost for putting on mesh were amounted to \$457 additional. The board agreed to pay half this amount.

Director Raymond Hunsberger gave report of the property committee, listing many repairs and improvements made during the summer months. He also presented the following requests for use of the high school auditorium, which were left with the committee:

Grace Lutheran church, for using the auditorium Sept. 8 and 16; Inter-Community auxiliary of Memorial hospital of Pottstown, Nov. 17 and 18, for Washington glee club concert; Friendship Fire company, for children's Christmas party, Dec. 20. The board set \$25 per performance as the rental fee, plus a \$5 janitor fee. Using the auditorium for rehearsals only will cost \$5 for janitor fee.

The board discussed the matter of janitors' vacations and agreed to grant each janitor one week.

Report of the treasurer showed a balance of \$54,388.26 in the school district, and \$268.22 in the public library account. Report of Tax Collector Daniel Mowrey listed collections of \$46,718.35, leaving a balance outstanding of \$11,849.46.

The board set tuition rates on recommendation of the county superintendent, as follows: High school, \$12.08 per month, compared with \$12.15 the past year; grade school, \$11.85 per month, compared to \$6.70 the past year.

Mrs. Mary L. Latschaw, secretary, reported the gift of three books from the library of the late Rev. Samuel R. Doud, together with 15 volumes donated by Mrs. Foley in memory of the late J. V. Foley. The board acknowledged the books in fitting manner.

Contracts of all teachers were approved by the board, following report of the supervising principal, John S. Hartman.

Mr. Hartman reported a balance of \$122.40 in the fund willed by the late E. R. Thomas to the school district for the purchase of books for the library.

The school board also listed the

Spring City Graduates Enter Two Colleges

Several members of Spring City high school graduating class of 1947 have matriculated at West Chester State Teachers college and Lafayette college, Easton.

Entering West Chester Teachers college Monday will be Mildred S. Young, daughter of Mr. and Mrs. Ivin C. Young, 422 Bridge street, and David G. Daback, son of the Rev. and Mrs. David G. Daback, 237 Chestnut street.

Jay H. Barclay, son of Mr. and Mrs. J. H. Barclay, 144 N. 10th street, and Ralph C. Frederick, Jr., son of Mr. and Mrs. Ralph C. Frederick, 301 Yost avenue, will enter Lafayette Friday, Sept. 19. These two graduates were both three-lettermen of Spring City high, where they starred in football, basketball and baseball.

Auto Driving Course For Spring City High Approved by Board

The addition of a course in automobile driving to the high school curriculum was approved by Spring City school board at its monthly meeting Wednesday night.

The course, sponsored by Pottstown Automobile club, will be for 15th grade pupils. A car with dual controls will be provided, at no cost to the school district. The instructor for the new course will be one of the present faculty members, to be selected by the supervising principal, Harry Gerlach.

Solicitor Claude B. Wagoner was instructed to prepare a lease for the Bridge street school, to be occupied by Spring City YMCA as headquarters in the future.

It was agreed the cost of major improvements to the building would be borne by the school district. Other improvements will be made by the lessee. The YMCA was vested with authority to sublet the building as the fourth ward polling place at the coming primary election, Tuesday.

Director W. S. Woodward, chairman of property committee, reported the floor of the gymnasium is still slightly raised, but is in much better condition than the past year. Work will be started to re-concrete it for the new basketball season, as soon as the floor has completely settled.

Report of Tax Collector Norman Mowrey listed collections to \$19,723.81 and a balance outstanding of \$8561.66 in property taxes and \$4450. per capita tax, a total of \$13,011.66. Report of the treasurer, E. C. Willever, showed a balance of \$33,117.19.

A band uniform committee, comprising Robert W. Hallman Jr., music supervisor, High School Principal Charles H. Wise, Thomas Courtless and Mrs. Arthur Hedrick Jr., met last night to consider various types of new uniforms for the high school band.

A donation by Liberty Fire company of \$350 at its meeting Tuesday night, together with \$1500 previously raised through the combined efforts of Spring City Lions club, and band members, has nearly reached the sum required, for the purchase of new uniforms. It was said approximately \$2700 would cover the cost of new uniforms.

Spring City Graduates Enter Two Colleges

Several members of Spring City high school graduating class of 1947 have matriculated at West Chester State Teachers college and Lafayette college, Easton.

Entering West Chester Teachers college Monday will be Mildred S. Young, daughter of Mr. and Mrs. Ivin C. Young, 422 Bridge street, and David G. Daback, son of the Rev. and Mrs. David G. Daback, 237 Chestnut street.

Jay H. Barclay, son of Mr. and Mrs. J. H. Barclay, 144 N. 10th street, and Ralph C. Frederick, Jr., son of Mr. and Mrs. Ralph C. Frederick, 301 Yost avenue, will enter Lafayette Friday, Sept. 19. These two graduates were both three-lettermen of Spring City high, where they starred in football, basketball and baseball.

BOY SCOUTS —

(Continued From Page One)

said last night, partly because they devote nearly all their spare time to scout work." The Europeans are especially talented at camping, he added, even though their equipment is inferior to American.

"The French people sacrificed a great deal to hold the Jamboree, because they felt it would aid the cause of peace," declared the Green Lane lad, a Star scout and Troop 1 patrol leader. Both local scouts seemed convinced French hopes were realized.

Highlights of the jamboree were the daily "bull sessions" with foreign scouts, many of whom could speak some English, an address by President Auroel of France, the afternoon pageants staged by each nationality, and the opening campfire held atop a pyramid-like hill with 50,000 scouts seated around one huge campfire.

Nestler's jamboree troop, mostly Pennsylvanians, was surrounded on three sides by Scotch scouts. He conceded the Scotch were thrifty in their use of equipment and hard men to swap with, but he found them the most likeable group there.

Schlicher, an Eagle Scout with 35 merit badges and senior patrol leader of Pennsboro Troop 1, was one of the lucky few to succeed in swapping a kiln with his neighbors, although he had to part with a brand new watch to do it.

Among Nestler's souvenirs was a Hungarian skull cap, a French beret and a wogel — a neckerchief made from a Scotch red-deer horn.

One reminder of the war was a bomb crater at the Pennsylvania campsite, over which the Americans speedily threw an improvised bridge, thereby winning the praise of high scout executives. Another reminder were short of food and equipment. Nestler's troop made its contribution by giving their cooking equipment to needy Belgian scouts.

Mr. and Mrs. Paul Nestler Sr. sponsored the \$500 trip of their son, while Schlicher was sponsored by his parents, Mr. and Mrs. Herbert Schlicher, and friends in Pennsboro.

Everybody concerned seemed satisfied the money was well spent, and shared the wish of the two scouts that more Americans can attend the 1951 Jamboree.

Auto Driving Course For Spring City High Approved by Board

The addition of a course in automobile driving to the high school curriculum was approved by Spring City school board at its monthly meeting Wednesday night.

The course, sponsored by Pottstown Automobile club, will be for 15th grade pupils. A car with dual controls will be provided, at no cost to the school district. The instructor for the new course will be one of the present faculty members, to be selected by the supervising principal, Harry Gerlach.

Solicitor Claude B. Wagoner was instructed to prepare a lease for the Bridge street school, to be occupied by Spring City YMCA as headquarters in the future.

It was agreed the cost of major improvements to the building would be borne by the school district. Other improvements will be made by the lessee. The YMCA was vested with authority to sublet the building as the fourth ward polling place at the coming primary election, Tuesday.

RAINSTORMS —

(Continued From Page One)

stares peering into the heavens, found relief yesterday with the appearance of cloudy skies and a scattered shower. The cooler air was expected to envelop the nation's entire mid-riff by today.

Heat was not expected to go down here today, according to the weatherman, however, considerable cloudiness with scattered showers and thunderstorms may keep it from topping yesterday's high mark. Tomorrow is to be fair and continued warm.

'Miniature Tornado' Causes Heavy Damage in Reading

READING, Sept. 4 — A "miniature tornado" was the Reading weatherman's description of a 15-minute storm that descended here at 9 o'clock this morning, disrupting electric and telephone service and snapping off trees in a 40-mile-an-hour wind.

Seven school buildings were damaged and numerous home owners reported that ice storm broke windows, ripped off doors and even tore bricks loose from the walls.

The storm center hit the Eighteenth ward, where it left a path of destruction in the Hancock boulevard — Lancaster avenue neighborhood, breaking large trees as though they were mere saplings.

More than half an inch of rain fell in a little more than a minute. Weatherman Charles S. Lung reported, as the tornado hit the city and departed a quarter of an hour later, as swiftly as it had come.

RAIL WORKER —

(Continued From Page One)

that was the last he saw of him.

Surron's fellow workers said that he complained of feeling very ill Monday night and his moans kept the other men awake. He kept calling for a drink of water, and the men said he had been drinking heavily.

An investigation by State police showed that the man went to the river bank east of the bridge and left some of his clothing. His footprints then were traced to a point west of the bridge where he was apparently overcome by illness and fell face downward into the culm, which is deep at that point. There were no marks on the body which would indicate foul play, police said.

Fellow employees said Surron was a wife living in the Richmond section of Philadelphia, where she conducts a store. It was also reported he was the father of ten children, two sons having served in the U. S. Navy in World War II.

The body was taken to a Birdsboro funeral home and, in the meantime, Foreman Straub was endeavoring to locate members of his family to make funeral arrangements.

Straub said that Surron joined the group of section workers at Monocacy on May 1. He was hired by the Reading company at its employment office in Philadelphia. Straub said he was a fairly good worker and explained that it is unusual for members of the group to remain four months on the job, since most of them are "floaters."

Privates Joseph F. Zau and Charles Weber, of the West Reading State police barracks, are aiding in the investigation.

The opossum is the only marsupial (mammal with pouch for young) native to North America.

MRS. DURANT —

mical status for pay purposes only, was that of an officer on inactive duty."

Mrs. Durant, now a prisoner at the Federal penitentiary for women in Alderson, W. Va., was convicted by an Army tribunal in Germany of participating in the theft of \$1,500,000 worth of the Hesse crown jewels from Kronberg castle, Germany.

Her husband, Jack W. Durant, former Army colonel, was convicted and sentenced to 15 years at hard labor for his part in the theft.

Counsel for Mrs. Durant, who is 43, filed a petition in the district court here the past June for her release from prison on a writ of habeas corpus, and a hearing on it was held in mid-July.

ITALY APPEALS —

(Continued From Page One)

their last resources and are scraping the bottom of the barrel. Even the \$125,000,000 in U. S. relief funds tentatively earmarked for Italy, they said, will not be sufficient to ward off an economic crisis.

Senator Hawkes (R-N.J.) told a news conference that Congress should not be "handcapped or obligated" by financial commitments to other countries made by the executive branch of the Government.

"Congress should not have to say, as they did last session, 'I agree with you we should not do it, but we're obligated and have to do it,'" Hawkes said.

Asked if he referred to the Marshall plan for European recovery, Hawkes replied: "I mean any plan. Plans should be developed without obligation and should be submitted to Congress."

Pie Company Employee Reports Theft of Truck

The 1947 truck of Giordina Roma, Pottstown RD 3, was stolen last night on Charlotte street between Cherry and Laurel streets. The truck is a blue and black half-ton pickup. The keys were in the cab.

Roma, who works at the Mrs. Smith's pie company plant on Charlotte street, first noticed his truck was gone at 12:15 o'clock this morning.

ZONING HEARING —

(Continued From Page One)

North Charlotte street; Melvin Sell, 376 North Evans street; Robert Frederick, 649 North Charlotte street; Merrill Kline, 625 Spruce street; Charles Jacob, 1 East Third street; Donnell Snaefier, 170 North Charlotte street, and Charles Shaber, 60 North Franklin street.

The pastor said the church vestry opposes the Wilson proposal 100 per cent.

Opposition also was voiced to the application for a variance by Gerald E. Stahl, of Schwenksville, who seeks to erect a grocery store and apartment building at 1 East Sixth street.

Arguments that a store is not needed in that section were voiced by residents of that section. Harold Reidenauer, of 35 West Sixth street, said there are already eight stores in that area of the borough.

Others who protested were Gerald Hartenstein, 5 East Sixth street; Leonard M. Seasholtz, 18 East Sixth street; Harry Highley, 23 West Sixth street; Lewis Saltzer, 25 West Sixth street, and Robert Dewiler, 8 East Sixth street.

There were no objections to the application of Maurice T. Fiorilla, of 724 North Adams street, for erection of a machine shop and electrical appliance store at 726-78 Adams street, or the application of George W. Emory, who wants to conduct a bakery in the basement of 30 East Third street.

The board announced last night that it has granted the application of the Needle Eye club 720 Isabella street, Henry Williams, president, for a variance which allows the erection of a concrete block club house at 718 Isabella street. The building will be 24 by 70 feet in dimensions, one story in height with a basement.

MARSHALL —

(Continued From Page One)

tional action since the close of hostilities."

As if in response to foreign propaganda charge that the United States imposed its own will in the drafting of the agreement, Marshall declared:

"None of the 19 nations concerned sought to impose its will on the others. Agreement was reached on a voluntary basis, each nation manifesting its will to adjust its own position to that of the others out of respect for the opinion of the majority."

"No nation triumphed over any other," Marshall continued, "for this was not a contest between nations but a get-together among them. And yet there resulted no watered-down formula—no lowest common denominator of compromise on vital principles."

LEMON THEFTS —

(Continued From Page One)

Pick, Inc., owner of the lemons, appeared against Reminger yesterday afternoon. Reminger wept during the hearing.

In a statement made to Chief of Police James A. Laughlin, Reminger said that he is married and the father of three children. He was a former school teacher, but was employed by the Pottstown Cold Storage and Warehouse company at the time of his arrest.

Reminger, according to police, started to steal lemons in June, 1947. He said he took 20 crates each containing 30 dozen lemons and sold the fruit to Reinbauer at \$4 to \$6 a crate.

Reminger, in his statement, declared he never stole anything else from the Cold Storage company's plant.

AIRPORT GRANT —

(Continued From Page One)

dustries could not yet be revealed. MacMillen was certain that the money would be forthcoming soon, possibly by tomorrow, and that the goal of approximately \$25,000 in public subscriptions would be half accomplished.

Borough-Manager-Dow-I-Sears stated that as soon as the all locations from U. S. State, and county governments are handed over to the borough, immediate steps to the actual purchase of the field will be taken.

The Federal government originally pledged \$25,000, which was raised to \$40,000 on Aug. 4. At the same time, the State gave automatically was boosted to \$30,000 and on Aug. 15, the county proffered \$21,400 for Pottstown's airport.

Most fish provide nature's best example of a streamlined structure.

BEVIN REACTION —

(Continued From Page One)

despite their willingness to help the mother country. In the first dominion reaction, Austrian Reconstruction Minister John Deidman said there were "big difficulties" in the way.

3. Bevin's customs union proposal suggested in some quarters a "lukewarmness" toward the European customs union which some representatives at the 16-nation steering committee conference on the Marshall plan in Paris are advancing.

4. "Common defense" of the empire, as suggested by Bevin, was expressly rejected by the common prime ministers in London meeting the past year. They declined to go beyond a general exchange of information about military matters.

The world's deserts cover approximately 5,000,000 square miles.

WHY PAY DOUBLE FOR YOUR CREAM DEODORANT?

A full ounce of ODOOR-GONE Deodorant Cream costs only 25¢. . . about HALF what you would pay for any other deodorant of similar quality. Yet ODOOR-GONE gives you all the protection you demand of a personal deodorant. It keeps odor from normal perspiration and just a dot lasts a long, long time. ODOOR-GONE is non-irritating. It's natural skin is so soft and smooth to the touch. . . absorbs quickly. . . never takes in the heat. Approved by thousands of thrifty users. ODOOR-GONE is the perfect all-purpose body deodorant. Excellent for sanitary nursing. . . Why pay double when ODOOR-GONE is so safe, so thorough, so economical to use. Money-back guarantee of satisfaction. Get ODOOR-GONE today at Wood's Drug Store.

Construction Blast Cuts Water Supply

CHAMBERSBURG, Sept. 4 (AP) — A road construction blast paralyzed Chambersburg's water supply today, limiting industrial and domestic consumers to only a comparative trickle for the next 48 hours.

J. H. Mowrey, borough manager of utilities, said the dynamite explosion on the Lincoln highway ruptured the borough's main water line leading from the Caledonia State park watershed.

Local pressure immediately dropped from a normal 70 pounds to zero and was later restored to 30 pounds when an emergency pump was set up to siphon water from nearby Conococheague creek.

The H. J. Heinz company canning plant, with 33,000 bushels of tomatoes on hand for processing, was advised to drastically reduce its water intake. The plant ordinarily uses 2,000,000 gallons daily.

Mowrey said the borough's second water line has been out of service for several weeks during operations to lower it to meet a new grade of the highway.

The utility manager said it would require 48 hours of repairs to restore water service to normalcy.

ZIEGLERVILLE

Miss May Markley, corr. Phoebe Schwenkville 2871, Charles Christman delivery.

Mrs. Roy Williams visited Mr. and Mrs. Elwood Hendricks and family of Norristown last week.

Mr. and Mrs. William Ephedre and daughter Phyllis, of Tampa, Florida, who were touring the North, visited Mr. and Mrs. Franklin Rodenbaugh and family, Highland terrace, last week.

Sandra Schell, of Philadelphia, spent several days of last week visiting her father, Joseph Schell.

Dr. and Mrs. Samuel Shaner, of Philadelphia, were the Labor Day weekend guests of Mr. and Mrs. Elwood Erney and family.

The Rev. and Mrs. D. A. Draper and family entertained over the weekend Mr. and Mrs. James Relchenderfer, of Wilmington, and Mr. and Mrs. Warren Schleifer, of Lehigh.

Miss Ruth Draper left for Fallington Tuesday where she will assume her duties as second grade teacher of the Fallington Schools.

A daughter was born to Mr. and Mrs. Ernest Duff Saturday.

LeRoy Tyson, of Kingston, visited his mother, Mrs. George Tyson over the weekend.

A son was born to Mr. and Mrs. William Felton, of the Hertie apartments, in Sacred Heart hospital, Norristown, the past Wednesday.

Rally Day will be held in the local Sunday School on Sunday morning, Sept. 21, at 9:30 o'clock. Mission Band Study will be held in the church Friday afternoon at 2 o'clock.

Limb on Chestnut Street Cracked Off by Truck

A large truck yesterday struck a tree in front of 145 Chestnut street, knocking off an over-hanging limb.

The police had no report on the accident although a request was made to the borough hall to have the limb removed from the street.

The debris was removed by a crew under the direction of Street Foreman Earl Potteger.

The accident occurred when the truck attempted to pass another truck which was parked. The roof of the van struck the limb, breaking it from the trunk.

According to residents of Chestnut street, the truck was undamaged.

RED HILL

Shirley M. Reed, corr. Dale Miller, delivery, Phoebe Pottstown 4873.

Helen Bythway, Mildred Syer and Betty Nolfe, Main street, spent a day in Atlantic City.

Doris Lyster and Betty Nolfe, Main street, returned to West Chester State Teachers college Tuesday. They are both sophomores in the college.

Mr. and Mrs. Steve Piroz and daughter Helen, Main street, returned after spending the weekend at Canada.

Mrs. Sally Smoli, Main street, accompanied her daughter-in-law and son, Mr. and Mrs. Donald Smoli, and daughter to Canada over the holiday weekend.

Helen Bythway, Adam street, daughter of Mr. and Mrs. Wallace Bythway, entered Chestnut Hill School of Nursing Sept. 3. She is a graduate of East Greenville High school class of 1947.

Mr. and Mrs. George Syer, Main street, returned home after spending the weekend at the Red Hill Cabin, Pike county.

Mr. and Mrs. Morris Brey, Main street, returned home after spending the weekend at Beach Haven, N. J.

NOW SHE SHOPS "CASH AND CARRY"

Without Painful Backache

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 quarts a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it causes nagging backache, rheumatic pains, leg pains, loss of sleep and energy, getting up nights, swelling, puffiness under the eyes, headache and dizziness. Frequent or scanty urination with burning and burning sometimes a sign there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 12 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

EL CHICO A. C. OPENS SEASON ON SEPT. 21

Will Meet Clearfield Foe; Club Made Member Of Middle Atlantic AAU

Thirty members of the El Chico A. C. were present at a meeting of the club last night and football was again the main topic.

President Alan Levengood announced at the meeting that the club's football team would open the 1947 season Sept. 21 against Clearfield A. C. of Philadelphia. Levengood stated, however, that the opponent may be changed before that date.

Another important matter taken up at the meeting was about the field on which the team will play. Levengood revealed that the El Chico has been given the right to use the West Pottsgrove High school field for its games and practices. The field was just built this year and is now in good condition.

The football team is now practicing four times a week under the watchful eyes of head coach Jim "Bull" Maloney and assistant coach Johnny Baker. Most of the grid-ders are former Pottstown High players and are getting in shape fast for the opener.

The team will hold its final practice on The Hill school far fields tonight before changing to the West Pottsgrove field Monday. Levengood announced that tonight's practice will start at 6:15 o'clock and that anyone interested in playing for the El Chico club is to report at the field at that time.

There are now 25 players on the squad and club officials stated that they would like to have a roster of about 32 players during the season.

It was also revealed at the meeting that the club has joined the Middle Atlantic AAU. This gives the El Chico A. C. the right to sponsor athletes in different AAU meets such as swimming and track. The club has a few athletes which may be able to take a few AAU titles and is anxious to enter them in various meets.

ALUMNI IN COMMAND
A five-man, all-alumni staff will be in command of Penn State football this fall.

Stagg Family at Grid Practice

Amos Stagg Jr., (left) football coach at Susquehanna university, Selingsgrove, talks over gridiron prospects with his famous father, Amos Sr., 85, who has just signed a contract to work with his son at the Pennsylvania school. Stagg Sr., who coached for years at the University of Chicago, was at the College of the Pacific from 1933 to 1947 and is celebrating his 55th year as a football coach.

Three Garibaldi Brothers Featured in Wrestling Show

The famed Garibaldis — Gino, Chick and Leo—will be in featured matches as Promoter Bert Bertolini opens his fall wrestling season at the Reading Armory tonight.

The oldest of the St. Louis mailers, Gino, will be seen in action in the one-fall-to-a-finish windup, taking on the popular George Marcovias, of Greece. Chick goes against a promising newcomer, Steve Goc, 220 pound Californian, in the 45-minute semiwindup, and Leo, youngest of the battling Garibaldi clan, will meet another Greek grappler, Mano Mellas, in a half-hour test.

GERKIN MOST VALUABLE
COLUMBUS, O., Sept. 4 (P) — Steve Gerkin, Minneapolis right handed relief hurler, record holder for the number of pitching appearances in one season, was named today as the American Association's most valuable player of 1947.

CHICAGO TOPS CLEVELAND IN NIGHT TILT, 4-2

CLEVELAND, Sept. 4 (P) — A ninth-inning homer by Cleveland punch-hitter Hank Ruskowski forced the Chicago White Sox into an extra inning tonight before Ralph Hodgins sandwiched a double between two singles for the key blow in a two-run rally that beat the Tribe 4-2 in the tenth.

A crowd of 14,693 saw the Indians in their last night contest here. The victory went to southpaw Ed Lopat as his 14th against 11 setbacks, while Bob Lemon was the loser.

Lopat scattered nine hits, and in the tenth, with the tying run on second base, fanned Hank Edwards and Pat Seery for the final two outs. Cleveland's other run came in the third when Dale Mitchell tripled and scored on Seery's fly.

Prior to their game-winning tenth-inning rally, the White Sox scored one run in the third and another in the sixth by bunching three singles in each frame.

Dodgers Win Over Giants, Increase Lead to 6½ Games

NEW YORK, Sept. 4 (P)—Little Vic Lombardi, a Giant killer from way back, defeated New York for the 11th time in 12 starts over a three-season span tonight with a five-hit 2-0 victory that boosted the Brooklyn Dodgers National league lead to 6½ games over the idle St. Louis Cardinals.

Jackie Robinson's first-inning double off Andy Hansen followed by Pete Reiser's single and Arky Vaughan's force of Reiser at second base added up to an early Brook score.

That slender lead was the difference in a tight duel between Lombardi, who has won nine of 11 since the All-Star game, and Hansen, a non-winner this season. Pee Wee Reese, returning to the lineup for the first time since Aug. 23 when he was sidelined with spike wound, made it 2-0 with his 11th homer of the year into the left-field stands in the seventh inning.

Three rousing double plays that ran the Dodger total to 150 for the season pulled Lombardi out of

trouble in the late innings, assuring him of his 11th win of the year.
